

For 24 hours ending 5 p.m., Friday:
Victoria and vicinity—Light to moderate winds, generally fair and warm.

Panorama—Vaudeville.
Capitol—The Breakin' Point.
Dominion—The Shooting of Dan McGrew.
Royal—Flaming Gold.
Columbia—Desert Driven.
Playhouse—The Wild Man from Borneo.

PIONEERS ASSEMBLE HERE TO MEET GRAND POSTS OF NATIVE SONS AND DAUGHTERS

Two Grand Posts to Convene Concurrently Here, and Hold Joint Luncheon; Three Hundred and Fifty Pioneers of Province at Banquet; Some Features of Gathering

Three conventions, running concurrently, will occupy the attention of many visitors to the city to-morrow. In order to meet the pioneers who came to British Columbia in the colonial days the grand posts of the Native Sons and Native Daughters of B. C. have set their annual conventions to coincide. Some of the social engagements, particularly the dinner and dance on Friday evening, will be shared in common.

Of the 350 Pioneers who will attend the gathering called by the B. C. Historical Association, all will date their arrival prior to 1871, and some will go back to the earliest days of the gold rush.

LOCAL GIRL WINS ANNE WESBROOK SCHOLARSHIP

Some Results in Recent B.C. University Examinations

Vancouver, May 8.—Victoria and district results in the University of B.C. list issued yesterday include:

Miss Winifred Cawthorne, Arts '24, of Victoria, wins the Anne Wesbrook scholarship, \$100, donated by the Faculty Women's Canadian Club for those intending to enter on postgraduate work. She was this year president of the Women's Literary Society and one of the delegates who met at the University of B.C. Miss Edith Lucas leads third year Arts and wins University scholarship of \$75.

Gaining degree on Bachelor of Applied Science, second class, Leslie K. Bickell, Fred G. Elliott, Hubert G. Wallis.

Gaining degrees of Bachelor of Arts and Science second class, Laura Mary Archibald, Bess, Dorothy Holmes, third year Arts.

First class, Miss E. Lucas; second class, Eileen Taylor, Mary E. Patullo, second year Arts; pass, Miss Marion I. Bullock Webster.

S. H. Saunders, Royal Institution scholarship; first year Applied Science.

FRENCH GOVERNOR NOW VISITING TOKIO

M. Merlin, Indo-China, Will Discuss French-Japanese Commercial Relations

Newspapers Devoting Much Space to Tokio and Paris Exchanges

Tokio, May 8.—M. Merlin, Governor-General of French Indo-China, arrived here to-day and was greeted by large crowds, including Vice-Minister of Foreign Affairs Matsudaira, Mayor Nagata of Tokio and others prominent in official and public life.

Despite the news from Washington concerning the agreement to postpone Japanese exclusion until next year, newspapers here are devoting more space to the Franco-Japanese relations than to those between Japan and the United States. M. Merlin will call on Prince Hirohito to-morrow.

A dispatch from Tokio yesterday said the Foreign Minister had stated no arrangements had been made for a formal discussion with M. Merlin. It is understood M. Merlin intends to discuss trade affairs, with the purpose of creating a new understanding between France and Japan.

Great Sale of Timber in U.S.

Washington, May 8.—Secretary Work to-day authorized the sale under new regulations of 20,000,000,000 feet of timber on 1,000,000 acres of land embraced in the former Oregon and California Railroad and Coos Bay wagon road land grants in Western Oregon.

Honorary Degree For Principal of Queen's University

London, May 8 (Canadian Press Cable)—Glasgow University to-day conferred the honorary degree of Doctor of Divinity on Rev. Bruce Taylor, D.D., J.L.D., Principal and Vice-Chancellor of Queen's University, Kingston, Ont.

LIBERALS PLAN BIG RALLY TO-NIGHT TO CHOOSE CANDIDATES

Leading Citizens to Form Liberal Ticket in City; Big Convention Expected

Victoria Liberals, at their convention in the Chamber of Commerce Auditorium to-night, will nominate four candidates to carry their Party's banner in the election campaign now under way all over British Columbia.

The names which will be placed before the convention as soon as nominations are called will be those of Premier Oliver, J. B. Clearburn, M.P.P.; Samuel Drake, Dr. Melbourne Raynor, Alderman Robert Dewar, G. D. Christie, C. H. O'Halloran and Dr. Lewis Hall. These gentlemen, it is understood, have consented to accept nomination if it is offered to them by the convention.

It is considered unlikely that any other names will go before the convention. Several gentlemen who were requested by Liberal leaders to run have declined to accept nomination.

To-night's convention is expected to pack the Chamber of Commerce Auditorium. To accommodate the anticipated crowd, the Liberal Association has arranged to have side rooms opening upon the Auditorium available for use.

Premier Oliver will attend to-night's convention if he is feeling well enough to do so after his recent indisposition. He will be nominated to lead the local ticket and is expected to head the polls as he did in the 1920 election.

The Premier will speak to the convention briefly. It had been anticipated that he might announce the date of the general election to-night but the fact that he was unable to call his Cabinet together to-day to make a final decision on the poll will make it impossible for him to say anything definite on the polling date this evening.

Leaders of the Liberal Party here believe that the convention to-night will put into the field the strongest Liberal ticket nominated in Victoria.

The willingness of prominent business and professional men to allow their names to go before the convention convinces them that the Government will certainly maintain its present strength in the city.

Leaders of the Liberal Party here believe that the convention to-night will put into the field the strongest Liberal ticket nominated in Victoria.

Stolen Horse Used By Robbers to Drag Away Bank Safe

Saginaw, Mich., May 8.—Robbers revealed a new technique in bank robbing to-day when they used a stolen horse to drag a four-ton safe from the State Savings Bank at Harrison. The safe is said to have contained between \$8,000 and \$7,000 in cash and about \$20,000 in Liberty Bonds.

CABINET MEETING TO-MORROW TO FIX POLL DATE; BOWSER PROTESTS JUNE 21 ELECTION

Cabinet meetings scheduled for to-day to decide finally when the general Provincial Election will be held, were postponed until to-morrow on account of the continued absence of Hon. W. H. Sutherland, Minister of Public Works and Hon. E. D. Barrow, Minister of Agriculture. Premier Oliver will call his colleagues together early to-morrow morning when the Government's plans will be definitely fixed. Announcement of the election date will be made to-morrow or Saturday, under present plans.

Protest against the Government's decision to hold the election as soon as possible, probably on June 21 or 28, was voiced by W. J. Bowser, K.C., leader of the Conservative Party in a telegram to the Premier to-day. The Premier indicated, however, that he did not attach much importance to Mr. Bowser's contentions.

"An election on June 21," Mr. Bowser said in his wire, "means nominations on May 28. The lists cannot be printed before nomination day, so that electors wishing to nominate will have no way of proving that they are on the list. I strongly protest against such an early date."

"That protest," said Mr. Oliver, "is exactly the protest that I made in 1909, and my representatives were rejected by the McBride-Bowser Government of that date. I appealed to the Lieutenant-Governor and was turned down there, too."

It was learned later that there are actually no technical or legal difficulties in the way of an election on June 21, and the Government can hold the poll on that day if it wishes to do so.

NO FINAL DECISION
Final decision on the date, however, has not been reached, and will not be reached until the Cabinet meets to-morrow.

Hon. A. M. Manson, Attorney-General, declared, "Everywhere the Liberal Party has nominated candidates of the highest character and reputation, and there is no doubt that we shall elect a strong Government."

The Provincial Party has shot its bolt, and is getting nowhere," Mr. Manson affirmed. "The P.E.C. report was the last straw. The unsatisfactory candidates nominated by the Provincialists throughout the province will make it impossible for them to succeed."

U.S. Officials Will Have Steamer Bear Carry One to Alaska From Seattle

Seattle, May 8.—The cutter Bear of the United States coast-guard, which is to leave here Saturday or Monday, is to carry an aeroplane to search the Alaska Peninsula and the nearby parts of the Pacific Ocean and Bering Sea for Major Frederick L. Martin, missing U. S. world flight commander, and his helper, Sgt. Harvey. The Bear, a veteran of the Arctic service of the coast-guard, is going north for her thirty-eight annual cruise, expected to be her last. She is due here to-night from San Francisco, where she wintered.

IRISH POLITICAL REPORT DENIED

Dublin, May 8.—Official denial is given to the report that Joseph McGrath, former Minister of Commerce, who resigned and started a constitutional republican party in the Dail, has commenced negotiations with the republicans on behalf of the Government and that thirty of the republican party are prepared to accept the proposals.

Mr. McGrath has no authority from the Government to make any proposals to the republicans, it is stated. Furthermore, he has been one of the strongest opponents of the Valera party since the treaty, and the relations between him and Valera's supporters have not improved, it is asserted.

FRENCH LABORER HANGED HIMSELF ON A PEACH TREE

Beznay, France, May 8.—Elaborate preparations for his final rest were made by Ernest Deshayes, a laborer, before taking his life here. First he invested all his savings in a handsome coffin. When it was delivered he placed in it a soft pillow, a hot water bottle and a flask of old brandy. Then dressing himself in his best, he hanged himself, choosing for the purpose a peach tree in full bloom.

Alberta Pastor Opposes The Church Union Bill

Ottawa, May 8. (Canadian Press).—"This is to be the beginning of a great national Protestant church," asserted Rev. W. G. Brown of Red Deer, Alberta, who spoke to-day in opposition to the Church Union Bill before the Commons Private Bills Committee. He was later questioned on the subject by J. J. Hughes, member for King's, P.E.I., and said he had heard the statement made in the Church Union Committee with the addition that "no Government would dare to resist such a church."

"You have no authority for such a statement?" queried Harold Putnam, member for Colchester, N.S. (Concluded on page 13)

Only Government Papers in Russia Serve Advertisers

Moscow, May 8.—The Soviet Government has forbidden the printing of advertisements in privately-owned publications. Hereafter only publications controlled by the Government shall have the right to print advertising matter.

ARDENT ADVOCATE OF INTER-DOMINION TRADE; R. W. DALTON

R. W. Dalton, senior British Trade Commissioner in Canada, who has been transferred to a similar appointment in Australia, was in the city yesterday, awaiting the departure of the liner Makura for Australia.

LEFT ON MAKURA TO TAKE UP POST

R. W. Dalton Goes to Australia to Assume Appointment Will be of Special Value to B.C. Trade

R. W. Dalton, senior British Trade Commissioner in Canada, who has been transferred to a similar appointment in Australia, was in the city yesterday, awaiting the departure of the liner Makura for Australia.

He proceeds direct to Melbourne to take up his appointment. Mr. Dalton only held the Canadian appointment for a year, coming to Montreal last May. During the intervening months he has twice visited Victoria.

To British Columbia the significance of Mr. Dalton's transfer to Australia is more important than appears on the surface. As Canada has direct trade representation in the United States, the British Department of Overseas Trade would not intervene in developing trade, but Dr. Dalton looks beyond the lines of relation between Britain and the Dominion to which he is accredited, and is an ardent advocate of inter-Dominion trade.

He intends to push the question of return cargoes for the steamships which are coming to this Coast to load lumber and wheat, so that the shipping companies may make the calls on the North Pacific seaboard profitable, encouraging the men to expand their services. While he has only been in Canada a short period, he declared to The Times that he will encourage trade between Canada and Australia in every way that it is possible for a British trade commissioner to do.

Mr. Dalton expressed his satisfaction at the opportunity to return to the Antipodes. From 1916 to 1922 he was senior commissioner in New Zealand, having had sixteen years previous experience in the British civil service, which he entered in 1906.

FEDERAL PRIME MINISTER TO APPEAR TO-MORROW AT THE HOME BANK INQUIRY

Unusual Event Will Be Witnessed When Mr. King Tells Commissioner McKeown of Efforts Made by Government to Prevent Collapse of Bank; Sir Thomas White to Explain Payment of \$1,500 to Him

Ottawa, May 8.—Premier King will appear before the Home Bank Inquiry Commission to-morrow morning and tell of efforts made by the Government to save the bank just before the collapse of the institution. The Premier communicated with the Government's counsel during this morning's brief sitting and said he would attend and make a statement to-morrow.

After to-morrow's sitting there will be an adjournment, probably until next Wednesday, when argument on the first phase of the inquiry will be heard. Sir Thomas White will be given an opportunity to argue his case and also to explain the payment to him of \$1,500 by the bank just prior to its failure.

The investigation will continue after the conclusion of the first phase, which concerns merely the claim of the depositors against the Government.

This morning's sitting lasted only half an hour.

A letter from Dr. A. B. Sutton of Port Credit, Ont., stating that M. J. Haney, former president of the Home Bank, was ill and should not be allowed to go out for several months, was read.

The letter stated that Mr. Haney was suffering from inflammation of the right sciatic nerve.

B. J. Roberts, secretary of the Department of Finance of Canada, was recalled to the stand to give information regarding the return of Sir Thomas White's private file of letters on the Home Bank. The examination lasted only a few minutes. He said he had returned the file of his own volition and because he thought it was his duty as private secretary to do so.

Two Portuguese Airmen on Macao Flight Were Hurt

Lisbon, May 8.—A message received here confirms an Allahabad report that the Portuguese aviators flying from Lisbon to Macao, China, suffered an accident at Jodhpur. Lieut. Pass was slightly injured and the mechanic suffered bruises, but Lieut. Beiro was not hurt. The biplane was damaged.

The mishap of the fliers was due to their being caught in a storm of cyclonic intensity.

COMPANY FORMED TO PUBLISH NEW VANCOUVER PAPER

The Star to be Name of Liberal Journal in Terminal City

A new Liberal newspaper, The Vancouver Star, will be published in Vancouver shortly. Plans for the enterprise are well advanced and its formal incorporation was announced at the Parliament Buildings to-day.

The company incorporated to publish the new paper is incorporated as The Vancouver Star Limited, a private concern, with a capital of \$250,000 and registered office in Vancouver.

Other companies incorporated in British Columbia this week are: Galena Ghat Mines, Limited, non-personal liability, \$200,000, private, Invermere.

Rollins Motor and Machine Works, Limited, \$100,000, private, Vancouver.

Victoria Auto Livery, Limited, \$15,000, private, Victoria.

Canadian Queen Co., Limited, \$50,000, private, Vancouver.

Harold A. Jones and Company, Limited, \$10,000, private, Vancouver.

British Columbia Fruit Growers, Limited, \$100,000, public, Vancouver.

R.C. Brokers, Collectors and Incorporators, Limited, \$10,000, private, Vancouver.

Universal Finance, Limited, \$10,000, private, Vancouver.

Silver Lodge Mining Co., Limited, non-personal liability, \$1,000,000, public, Victoria.

Vancouver Smelter Sales Co., Limited, \$50,000, private, Vancouver.

Edmonton, Alberta and Vancouver.

The M.C. Mining Co. of British Columbia, Limited, \$100,000, London, England, and Victoria.

The Ash Temple Co., Limited, \$800,000, Toronto and Vancouver.

Utilities Finance Corporation, \$100,000, San Francisco and Vancouver.

Texas Gulf Sulphur Co., \$3,350,000, New York and Vancouver.

IN MEMORY OF LENINE

Moscow, May 8.—The commission formed by the Federal Central Executive Committee to commemorate the memory of Lenin has forbidden the use of the late Premier's portrait on cigar or cigarette labels, candy boxes, jewelry or in other advertising forms.

J. P. SMITH WINS SUIT FOR DAMAGES

Rev. Dr. Clem Davies to Pay \$2,000 and Costs of Trial in Vancouver

Jury After Half Hour's Deliberation Decided There Had Been Slander

Vancouver, May 8.—After deliberating less than half an hour, the special jury in the J. P. (Doc.) Smith-Rev. Dr. Clem Davies slander action brought in a verdict at 1.30 this afternoon awarding the plaintiff \$2,000 damages and costs.

The slander was committed on December 9 last when Dr. Davies, pastor of the Centennial Methodist Church in Victoria, in an address to 800 citizens, declared that "Doc" Smith, R.C. priest, was not only a trafficker in drugs, but a drug addict himself.

Slanderees were not protected from legal consequences by slander from the pulpit. Mr. Justice Murphy stated when instructing the jury under the law in the case.

The address was the counsel, Frank Higgins, K.C., for the defence, and R. L. Reid, K.C., for the plaintiff, embraced the activities of the Royal Canadian Mounted Police, of which Smith is a constable, in suppressing the traffic in narcotic drugs.

Mr. Higgins attacked Smith and his associates for not doing more and blaming them for narcotic dealers escaping with fines instead of receiving prison terms.

"Think of the number of dealers who got away," Mr. Higgins reiterated.

Later counsel said "Can you blame Dr. Davies for having the courage to carry the heavy cross and wake us from our apathy, our don't-careness for our fellow beings?"

"What is Canada coming to when we can't rise up as British subjects and condemn this whole nefarious scheme?" asked Mr. Higgins when discussing the traffic in narcotic drugs.

ACTED GENEROUSLY
"Dr. Davies has not gone far enough," contended counsel. "He acted generously with the plaintiff in telling his audience to draw their own conclusions from the evidence."

"Everything he said about Smith is justified because Smith did not do his duty to arrest the men of the dope ring," concluded Mr. Higgins.

ONLY ONE SIDE
Mr. Reid pointed out that the defendant pastor had decided for himself without hearing the other side.

"There is a wild man of the woods going about the world maligning men and things," said Mr. Reid, "blackguarding men who are better than himself."

Plaintiff's counsel explained that the four principal witnesses for the defence, Palmer, Dampton, Walton

(Concluded on page 2)

Grand Duke Cyril Says He Is Leader

Declares Grand Duke Nicholas Not Helping Russian Czarist Restoration Move

Paris, May 8.—The statement made last Sunday by Grand Duke Nicholas of Russia has drawn a counterblast from Grand Duke Cyril who, according to The Paris Herald, has issued a statement from his headquarters at Nice declaring Nicholas has shown no desire to join his friends in the Czarist restoration or to pledge support to the movement.

Cyril therefore appeals to all the faithful adherents of the late Czar to join the legitimate movement, of which he claims to be the head, and follow his direction in the future. Deaf alone, he declares, will halt him in accomplishing this duty.

Paris, May 8.—As the parliamentary general election draws near, incidents of violence in connection with the campaign are reported.

Gaston Vidal, former Under-Secretary for Physical Education, and years ago, one of the most famous rugby players in Europe, was rushed off his feet at a campaign meeting near Vichy yesterday and so badly mauled that he was obliged to take to his bed.

Jacques Dusmell, former Secretary for Aviation, also clashed with communists at Melun last night. He emerged from the scrimmage covered with bruises, while one of his followers suffered a fracture of a leg.

Polling will take place next Sunday.

DIRECTORS OF C.P.R. WERE RE-ELECTED

Grant Hall Again Chosen Vice-President at Annual Meeting; Address by Beatty

Montreal, May 8.—The directors of the Canadian Pacific Railway yesterday, in addition to re-electing E. W. Beatty president and electing him chairman of the board, re-elected Grant Hall vice-president at their annual meeting yesterday.

The retiring directors also were re-elected.

A motion was passed by the shareholders expressing the company's sense of loss in the death of Lord Shaughnessy.

In his report at the annual meeting of shareholders President Beatty said in part:

"The general railway situation has not materially changed since I last had the honor of addressing the shareholders of the company. It is, however, satisfactory to know that your company's position has been well maintained notwithstanding the rather anomalous situation in which it finds itself as being the principle transportation competitor of the Government of the country, to a contract with which it owes its own existence. There were many who of necessity being unaccustomed to such a situation, viewed with some apprehension the effect of such competition upon your company's revenues and financial strength. They felt that even though your company might succeed in retaining the good will of the people of Canada, there would be those among the business community who, feeling the pressure of heavy taxation, might give heed to the allurements of a public slogan in the hope that by patronage of the Government they might be able to escape their burdens which might be lessened."

POSITION OF C.N.R.

"There are two phases of the general railway situation which involve objectionable and discriminatory features not in the interests of the transportation companies themselves, or, in my opinion, in the interests of the people of Canada. One is the special powers vested in the National system by virtue of the statute passed in 1919 under which that company may construct branch lines without approval as to location and other details by the Railway Commission.

"When the statute was passed your company strongly urged upon the Government the unfairness of such provisions and asked that all companies should be put in the same position. Under the present law the Canadian National Company may parallel or duplicate lines of any other company once the Minister approves and Parliament authorizes the necessary expenditure.

"It is my opinion that that company should be brought entirely within the provisions of the Railway Act."

DIVIDEND

At the meeting of the directors a dividend of two and a half per cent on the common stock for the quarter ended March 31 last was declared payable June 30 next to shareholders of record June 2 next.

Insist on TANLAC VEGETABLE PILLS For Constipation

STAMP TAX TOTAL SHOWS INCREASE

Post Office and Customs Departments Report Growth of Revenue

\$459,653,330 Has Been Advanced in Cash by Canada to the C.N.R.

Ottawa, May 8.—An increase in the amount realized by the Government from the stamp tax is indicated in the answer to a question made in the House of Commons yesterday, when it was stated that from November 1, 1922, to March 31, 1923, the amount netted in both the Post Office and Customs Departments from this source was \$2,451,882. In the corresponding period ended March 31, 1924, the amount was \$3,914,489.

Another question brought out the fact that in the time between the taking over of the Canadian National Railways in 1917 and March 31, 1924, Canada had advanced \$459,653,330 in cash to the value of \$189,293,000 have also been guaranteed by the Government in addition to guaranteeing interest on the Grand Trunk Railway securities worth \$216,207,141.

The Canadian National Railways had spent \$21,941 on radio broadcasting stations up to March 31 last, it was stated.

SALES TAX

Including 421 retail bakers and confectioners who have refused to pay the tax, being a decision on an appeal to the Supreme Court of Canada, 3,170 persons and firms in Canada are in arrears with their sales tax.

Most of the cases "require nursing," according to a ministerial reply tabled yesterday, because drastic action must result in financial failure.

URGES AID FOR NEW SETTLERS

Ottawa, May 8.—That the exodus of Canadians to the United States could be eliminated "by a close and sympathetic attention to immigrants before both their hearts and pockets break," was the salient observation of Col. G. Lindsay, a British army officer, who was a visitor here yesterday.

"One of the reasons for the falling down in the past has been in not

WASHINGTON AND OXFORD DEBATING TEAMS WILL MEET

keeping in close contact with the settlers after he arrived in the country and in not fostering him safely through the initial period," he added.

Seattle, May 8.—Arrangements are being made by the University of Washington debate management for a forensic contest next Fall with the representatives of Oxford.

The British debaters have been making tours to Canada for contact with Canadian schools. They will include some of the schools this side of the line in their itinerary.

Dr. Henry Suzalzo, president of the University, has encouraged the international debate project.

Mrs. Oldacre—"Have you a pergoia in your garden?"

Mrs. Newrich—"Not now. We found it barked at the tradespeople, so we had to get rid of it."

PAPER FOUND TELLS OF FIRST MASS ON MONTREAL ISLAND

Montreal, May 8.—While grafting an elm tree in the grounds of the Sisters of Mercy at Sault au Re-collet recently, two gardeners discovered in a cavity of the tree an eighteen far in which was a document covered with indecipherable writing. It was handed to a Jesuit, who treated the paper and brought out the writing, which was found to be an account of the first Mass celebrated on the Island of Montreal in the year 1615. The words were as follows:

"In the presence of Father Jamay and of Champin of a Mass of actions of grace, at which were present seven Frenchmen, twelve Cree children, six Algonquians, was chanted and spoken by Father Leveque, Rector of the Island, the following (L'evangelium) Bodiaroka, Jean Lebeuf.

The elm in which the discovery was made is computed to be 340 years old.

U.S. CONGRESSMAN IS PUT ON TRIAL

Covington, Ky., May 8.—Tales of conspiracy, bribery and coercion involving the prohibition departments of two states and men prominent in politics in Kentucky were told yesterday in Federal Court here at the trial of Congressman John W. Langstaff of Kentucky and four other defendants charged with conspiracy to defraud the United States Government through illegal removal of whiskey from a Government warehouse in 1921.

Witnesses for the Government related a number of conferences which took place in the months of September, October and November, 1921, in Lexington and Louisville. These meetings were for the purpose of discussing transportation of whiskey from the Belle of Anderson distillery in Lawrenceburg, Ky., to Philadelphia and other cities. Congressman Langstaff attended most of the meetings, testimony showed.

Bill in Britain For Importation of Pedigree Stock

London, May 8 (Canadian Press Cable).—Noel Buxton, Minister of Agriculture, states he is preparing a bill to give effect to the Imperial Conference recommendations with regard to the admission to Great Britain of pedigree stock from other parts of the Empire.

In consequence of the preparation of the bill, the Minister declined to receive a deputation that was to have waited upon him to urge the importation of such cattle from Canada.

The dinner that failed

PERHAPS you, too, have realized, in thinking about last evening's dinner, that things did not "go smoothly" because you lacked silverware essentials. It is quite unnecessary thus to be annoyed, for in 1847 Rogers Bros. Silverplate you can provide easily and reasonably the half-dozen of pieces you lack. Notice, particularly, the niceties of the table setting—bouillon spoons, salad forks, ice cream forks, serving pieces. They make every dinner more pleasant. Their beauty and durability are unsurpassed.

Dealers throughout the Dominion carry "1847 Rogers Bros."

May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day, Meriden Britannia Co., Limited, Hamilton, Ontario.

MERIDEN BRITANNIA CO. LIMITED

LEMOUX ACT WAS DEBATED IN SENATE

Amendments Under Consideration; Amendments to Criminal Code Proposed

Ottawa, May 8 (Canadian Press).—Amendments to the Industrial Disputes Act which were rejected in the second chamber last year and which were passed again by the Commons again this year, were considered in the Senate yesterday afternoon.

Senator Dandurand said the important changes desired were that if employers refused a conference with employees this refusal should be considered as fulfilling the requirements of the Act, which at present made it necessary for all negotiations to have failed before a conciliation board could be asked for, and the fixing of a penalty on employers for making any change in wages, hours or conditions between the time a board was asked for and a decision reached. Under the law at present, any such change was forbidden, either by employer or employees, but there was no penalty imposed on employers to make this restriction effective.

Senator W. B. Ross brought up the question of the constitutionality of the Industrial Disputes Act as applied to public utilities.

Senator Dandurand said the judgment of the Ontario Court of Appeal had made it unnecessary for the Senate to consider the constitutionality of the measure before it.

Senator Robertson instanced as the necessity for the penalty clause, the case of railway arbitrary reduction in wages in 1921. He strongly advised that this be sent to a special commission, before which employers and employees interested could appear and give evidence.

Senator Beaubien said the plea of equality and justice had not been sustained. The penalty clause was aimed at the employer and might result in the bankruptcy of concerns.

BAIL DISCUSSED

Senator S. White explained his bill to amend the Criminal Code with regard to bail offences and commitments. The object of these bills was to make it more difficult to obtain bail on certain criminal offences, such as burglary, house breaking and robbery. He would make bail for these unavailable except by application to the higher courts.

The bills were given second reading, and on the motion of Senator McMeans, were referred to a special committee with authority to ask the opinion of Attorney-General of the several provinces and to summon and examine witnesses under oath.

TWO BY-ELECTIONS IN OLD COUNTRY

Party. A keen contest is expected. Another close contest is promised in the Kelvin Grove Division of Glasgow, where a by-election is pending due to the death of the Conservative member, William Hutchison. The Conservatives and Laborites have candidates in the field.

Winston Churchill, who seems destined to have his name mentioned as a possible candidate in every by-election that comes up, is spoken of as a possible nominee for Kelvin Grove, but there is no authority for this.

TO PREVENT DUMPING

Ottawa, May 8.—The saving paragraph in the dumping clause in the Revenue Act has been restored. Recently the saving paragraph was suspended. Yesterday afternoon in the House Hon. Jacques Bureau, Minister of Customs, announced the suspension had itself been suspended. The suspension is in effect while a bill is in preparation creating a board to advise the Government in regard to matters pertaining to taxation.

Had Sore Back for Last Ten Years

Then Mr. Ed. Newton Tried Dodd's Kidney Pills

Quebec man is one of the many who tells why he recommends Dodd's Kidney Pills.

Campbell's Bay, Que. May 7 (special).—"I cannot recommend your Dodd's Kidney Pills enough. I had a terribly sore back for the last ten years, so I tried Dodd's Kidney Pills. I used six boxes and found great relief. I do not find any pain now. I recommend Dodd's Kidney Pills to all people who suffer with their back. I would never be without Dodd's Kidney Pills myself."

This statement comes from Mr. Ed. Newton, a well-known resident of this place. That Mr. Newton's trouble was caused by the kidneys is evidenced by the immediate relief he got.

Weak kidneys are not confined to grown people. They are too often found in children, sowing the seeds of future ill unless the kidneys are strengthened and put in condition to do their full work. (adv.)

Pacific Is Better Milk

When the most milk in Canada is produced here, why use imported brands? No canned milk is as good as that produced in British Columbia.

BRITAIN'S FOREIGN INVESTMENTS

THE foreign investments of the people of the British Isles at the present time are estimated at around \$17,000,000,000, a reduction of about \$3,000,000,000 from the estimated holdings of the British people just before the war, according to a study of this question just completed by the research department of the Bankers Trust Company of New York.

As the sales of foreign investments to assist in financing the war approximated \$5,000,000,000, this indicates a recovery of something like \$2,000,000,000 in foreign holdings since the close of the war. The geographical distribution of Britain's external investments is estimated roughly by the Bankers Trust Company to be about one-half with her Dominions and one-half in foreign countries. Prior to the war their foreign investments yielded the British people an income of approximately \$1,000,000,000. The income from this source in 1923 was around \$730,000,000.

The only one of the British Dominions holding any substantial amount of foreign investments is the Dominion of Canada. In accordance with the accepted British policy of winning foreign trade by financing the buyer, at the close of 1923 Canadian banks were loaning to the residents of foreign countries in the neighborhood of \$350,000,000. Direct foreign investments, other than bank loans, aggregated in 1921 over \$40,000,000. Such investments at the present time are somewhat less than this amount.

GERMAN SPENDING

ONE of the phenomena of finance, reparations and readjustment in Europe today is the lavish spending of Germans, which seems to be reported from all parts of the continent.

The Continental Daily Mail declares that while the experts' committees have been considering Germany's ability to pay reparations, Germany has been showing the world that she is better able to afford to pay for luxuries than are those countries which are supposed to have won the war. Everywhere are to be found German buyers, scenting out luxuries and sending them to the Fatherland to be sold at high prices, readily obtained, to their "starving" countrymen.

Reports in European newspapers and the cables have for some time borne evidence of this tendency. The German buyers have invaded London in search of art treasures, showing desperate keenness to lay in books, pictures and other non-depreciating treasures. They paid big prices in the London tortoise-shell auctions. In the last few weeks there have been reports of them buying the best-class imported apples so heavily that London is feeling a shortage. Half the fur sold at the London wholesale sales, according to a trade authority went to German buyers. In a time of great shortage of salmon, hundreds of cases are reported being sent from Liverpool to Hamburg and more German orders are arriving regularly. The German buyers are purchasing diamonds and other gems, fine fabrics and other luxuries in Britain, some of the things at fantastic prices, and they pay in good pounds and dollars.

They spent 25,000,000 francs with French wine-growers within a few weeks. At Bordeaux one buyer alone bought the whole stock of a famous Chateau wine, and others bought most of the best vintage at prices other countries could not afford. The Germans have been paying extravagant prices in Paris for silks, fruits and hosts of other luxuries. Their one stipulation always seems to be "Let it be the best."

Of the 100,000 horses exported from France between the first of January and the end of March, eighty per cent. have gone to Germany. Last year Germans spent \$80,000,000 in United States and were huge buyers of tobacco and dried fruits from Greece and Turkey. Butter, eggs and other produce are smuggled across the border from Belgium.

Seventy per cent. of the wealthy visitors to St. Moritz during the last Winter season were Germans. But the ubiquitous German buyer apparently took precautions that those who remained at home should want nothing in the way of Russian caviar, truffles, lobsters and choice fruits. Germany's fruit imports during January were valued at over \$30,000,000 of which 975 tons of grapes was an item.

Germany undoubtedly has been short of foreign goods. But for a country whose national wealth has fallen from eighty to fifty-five billions of dollars as a result of the war, her sensational spending for luxuries is amazing to outsiders. This extravagance, of course, is made possible by the absurdly low taxation and the fact that the German people are not saving now because of the uncertainty of the future. German business and industry are taxed only one-fifth what British industry and business have to pay.

The orgy of spending is probably speeded up by the fact that the Germans have seen the handwriting on the wall and know that the time is short before reparations will be in order.

ONLY TWO OTHERS GREATER

CANADA'S importance as a producing factor in the world's mineral market is emphasized in the special industrial supplement of The Toronto Globe which has been issued in honor of the opening of the British Empire Exhibition.

In this it is shown that Canada is now the third gold-producing country of the world, second only to South Africa and United States. More significant is the fact that Canada is the only country in which gold production is increasing.

Last year the per capita production of minerals for Canada was \$24.35, an increase of \$11 over 1911, which was the year when Cobalt was to the front as a sensational silver producer. Nickel, the only great North American deposit of which is in Canada, now comes next to gold among the metallic minerals. Canada's nickel was in great demand during the war for munitions. The demand for it which slackened off after the armistice is now being built up through the establishment of new uses for the metal in industry.

The coal situation is what seems to give Canada, particularly the Eastern part of it, much concern. Canada has enough coal to supply all her needs. But the coal is located chiefly on the Atlantic and Pacific seaboard and the great consuming areas are in the central part of the country in the Provinces of Ontario and Quebec. Because of the transportation costs involved in making use of coal mined on the Canadian seaboard, these two provinces import their fuel from the coal areas of Pennsylvania. The result is that while Canada last year mined nearly 17,000,000 tons of coal, she imported 17,000,000 tons. The geographical difficulty presented, unfortunately, will not be easy to overcome.

Because of recent scientific discoveries, it is being predicted that the battle cry of the next war, directed by rays, will be "Up guards, an atom."

The men chosen at to-night's convention will probably be more than Liberal candidates. They will probably be Victoria's next four representatives in the Legislature.

While India, like Italy and Japan, is seeking new fields for emigration, Indian immigrants abroad do not invariably welcome the idea of a new influx of their countrymen. An Indian committee recently appointed to study opportunities in British Guiana reports: "The Indian community of British Guiana would not favor immigration from India until 1930, as it requires time to settle down and to raise itself from the prevailing state of depression and backwardness."

France may soon be competing in the market for immigration in an effort to make up for her deficient birthrate. Senator M. de Monzie in Paris says that it is necessary that his country should start colonizing Italians, Spaniards, Poles and other assimilable nationalities within her boundaries. He declares properly colonized foreigners would make the best of Frenchmen and in proof says: "For instance, of the population of Marseilles only forty families are of pure French descent. The rest are Italian, Greek, Spanish—all nationalities; yet Marseilles is one of the largest, most prosperous and most patriotic communities in France."

THE RECKLESS DRIVER

A reckless driver is a fellow who passes you on the road in spite of all you can do.

MOTHER AND THE GIRLS

Too many a girl plays bridge in the parlor while her mother plays Bridge in the kitchen.

PLANT A TREE

There is no excuse for not planting trees because they take a long time to grow. It takes a long time to save money, but the massed savings of the people, invested in bank accounts, homes and life insurance, form the bulk of the wealth of this nation. As we are thrifty with our money, so let us be with our trees. Let us, if we have not already done so, start a bank account with nature by planting one or more trees this Spring.

GENEROUS TO A FAULT

Last week The Leeds Mercury came out with the following "nice derangement" of headlines over the news of the resignation of an eminent hangman:

DEATH OF SIR JAMES RECKITT

A GREAT AND LOVED HULL CITIZEN

THE SOUL OF GENEROSITY

EXECUTED 200 PEOPLE

TURNING TOWARDS CANADA

An increase of over 100 per cent. in the immigration to Canada during the year ended with March last, as compared with the preceding year, shows that the tide has turned again to the Dominion. Of the 148,340 people who entered Canada, more than half came from the British Isles. The number from the United States fell off somewhat but the Commissioner of Immigration reports that the movement across the line from the Northwest States is in flood again. The present year promises to top the record of last.

THE WAY TO GO FORWARD

If we drop calculations of immediate party advantage and bend our energies to the common task we shall accomplish by comradeship what could never be secured by snapping and snarling.—Sir John Simon.

A SONNET

Dante Gabriel Rossetti (The House of Life)
A Sonnet is a moment's monument—
Memorial from the hour of its birth
To one dead, deathless hour. Look that it be,
Whether for lustful rite or dire portent,
Of its own arduous fulness reverent:
Carve it in ivory or in ebony,
As Day or Night may rule; and let Time see
Its flowering crest imperish and orient.
A Sonnet is a coin: its face reveals
The soul's converse, to what Power it due:
Whether for tribute to the august appeals
Of Life, or downer in Love's high retinue,
It serves; or, mid the dark wharf's cavernous breath,
In Charon's palm it pays the toll to Death.

Dr. Frank Crane on
"The Devil's Handicap"

(Copyright)

THE difficulty with a life is that it does not fit.

It not only does not fit the truth but it does not fit other lies. The excellence of truth is that it does fit.

An error is like a monkey wrench in the machinery.

The whole universe is a wonderful mechanism. Every law in it harmonizes with every other law; every force in it co-operates with every other force.

That is why this solid globe spins around the sun and keeps its orbital track to the nicety of a hair.

And what is true of matter is true of mind. That is the reason why William James' definition of truth is the best yet made:

"The truth is what will work."

The excellence of truth is that it leads to harmony. One truth is akin to all others. They are all members of the same living family and do not quarrel.

But when you get hold of a piece of nonsense, or of untruth, the more you hang on to it the more entangled you become.

The first duty of man is not to believe; it is to find out what to believe; it is not to have faith; it is to know what to have faith in.

You may believe with all your heart and with true religious devotion that a bullet, fired from a gun, will not harm you, yet you will get killed just the same if somebody shoots you, and quite as effectively, as if you were an agnostic.

Every falsehood is very much like a disease germ; unless it is destroyed it will break out in some kind of sore. Retained in the system it invariably causes pain or weakness.

Faith is of no value as a substitute for Truth; it is only good as a handmaiden to Truth; a follower and servant of Truth.

The devil always stumbles finally. He may run fast for a while and we may all imagine that he will win the race. But the truth is he does not belong in this world. He does not know the ways and pitfalls of the universe. By and by he falls. Only the honest mind and the good heart understand the world.

They invariably succeed because every force in the universe is in co-operation with them. Their tragedy is only seeming. Their suffering is but temporary. Those who are half blind are those who believe that evil pays. But, if a man's vision is clear and his judgment sound, he will never doubt that the devil is fatally handicapped.

How Maisonneuve Founded
The City of Montreal

SENT by an association of missionary enthusiasts in France, calling itself the "Society of Our Lady of Montreal," the Sieur de Maisonneuve had arrived in Quebec with forty men, a nursing sister, two women, wives of two of the colonists, and a young woman whom he had broken through the resistance of her friends and relatives and had come along in excessive zeal. They came to found a settlement on the Island of Montreal which had been granted to the society as a seignior, that there might be an outpost of Christianity in the midst of heathen savagery and that there might be built a hospital donated by a wealthy religious lady of rank—for which there had to be a colony. It was the Autumn of 1641. They were too late to take possession of their Island that year and passed the winter beneath the hospitable roof of M. de Puiseaux at St. Michel about three miles up the River from Quebec.

At last the long Winter was ended. On May 8 Maisonneuve embarked his command in a little river-fleet just finished by his men—a three-masted sailing vessel, a pinnace, a flat-bottomed boat rigged with sails, and two small barques. Several Jesuits went along as spiritually in charge, and the generous host of the Winter accompanied them on this august occasion. Also there went, with her maid, Madame de la Peitrie, wealthy, intensely religious and adventurous, a fellow guest beneath the roof of M. de Puiseaux. In her excitement she bequeathed the Ursuline nuns at Quebec, whose stay she had thus far been of her support, leaving them even destitute of furniture. The Governor, Montmagny, went also to lend his ceremonial of handing over on behalf of the fur company whose representative he was.

NINE days this little crusading fleet tacked and worked against the current up the hundred and sixty miles of stream between the beautiful banks forested with buds just bursting. As they described the Island in the distance a hymn of thanksgiving rose from the crew and company, and singing thus they passed along the low green shores.

Early the next morning, May 18, the vessels moved up to the foot of the rapids of St. Louis, which we call Lachine, to the little cape later named Pointe Calliere, and here, in a lovely flower-strewn meadow, the party decorated beautifully with flowers and otherwise. As the sun's rays slanted from the West, Father Vimont, Superior of Jesuit Missions, stood vested for the mass before the altar and raised the Host in front of all the kneeling throng. Then he addressed these soldiers of the Cross, "You are a grain of mustard seed that shall rise and grow till its branches overshadow the earth. You are few but your work is the work of God."

Thus began the greatest Canadian city—a colony that might provide an occupation for a hospital undertaken as the result of a heavenly warning in a dream, and that might root the Faith in the heart of darkest heathendom.

"MASTER" ANATOLE FRANCE

From The New York Evening Post
ANATOLE FRANCE at eighty receives the felicitations of a Government he has scornfully defied; and with typical French perception and tact the birthday address from the Minister of Public Instruction and Fine Arts is offered to the veteran author in the name of "master." It would hardly do to accord even the color of official sanction to the octogenarian's various activities as anti-militarist, Communist and inveterate foe of Poincare's administration. In many respects, Anatole France, like Bernard Shaw, is a "chartered libertine." He is as free to utter his mind in praise or blame as Tolstoy was in Russia. To suppress this defiant satirist would have been as difficult as to muzzle Clemenceau. When the acrimonious war of tongues has subsided he will be remembered as "master" of the written word long after his political reactions are forgiven and forgotten.

STRAFORD-ON-AVON NOW BROAD-CASTING

From The Ottawa Citizen
And yet nobody has pointed out that Shakespeare anticipated radio by putting the speech regarding a girl who about the earth in the mouth of a character named Aerial.

Over \$12,000,000 Paid Out Annually in Freight, Stevedoring and Towing Charges

THE lumber export business of British Columbia has increased ten fold in ten years.

For the twenty years previous to 1913 the yearly shipments of British Columbia lumber averaged around \$2,000,000 per annum. In 1923 the export rose to \$21,000,000.

This figure does not include 233,000,000 feet of unmanufactured logs, 1,600,000 bundles of shingles, 15,000,000 feet of box shooks, 245 tons each and doors, 1,500,000 feet poles, 130,000 bales of pulpwood and a large amount of newsprint.

50 Per Cent. Carry Lumber

About 480 deep sea vessels loaded wholly or partly with forest products at B.C. ports during 1923. These represent about 50 per cent. of the freighters calling here. These ships paid dues on a total dead weight of not less than 2,500,000 tons.

The sum paid out to the steamship companies as freight on these commodities calculated at current rates exceeded \$10,000,000.

In addition to Vancouver, Victoria, New Westminster and Prince Rupert, in which lumber overwhelmingly predominates as export cargo originating in British Columbia, there are at least ten progressive ports in the Province which are wholly dependent on their shipments of wood products for their existence.

There are Chemainus, Gooch Bay, Nanaimo, Port Alberni, Massett, Sidney, and the important pulpwood shipping centres of Powell River, Ocean Falls, Swanson Bay and Port Alice.

Keeps Waterfront Busy
It is safe to say that but for the timber industries of British Columbia half of the present tonnage would stay away from Vancouver and our main ports, and that the efficient maintenance of our harbors would be a very serious problem without the revenue their visit entails. Moreover, a considerable amount of money is spent by each of these vessels when in port in repairs and in the purchases of marine supplies.

Friday Is Pioneers' Day

It is an interesting coincidence that the old-timers under the auspices of the B.C. Historical Society should be visiting the city just at the time when we are celebrating our 254th Anniversary and incidentally the 81st Anniversary of the building of Hudson's Bay Company's Victoria Fort.

We are glad to join in welcoming the Pioneers to our city, and extend to them a hearty invitation to visit our magnificent store, a striking contrast to the old fort buildings in which the Company transacted its business over eighty years ago.

We invite you to make full use of our Rest Rooms and Writing Rooms, our Restaurant, where breakfasts, lunches and afternoon teas are served at popular prices; our Library, Hairdressing and Manicuring Parlors, and the many other Service features provided for the comfort and convenience of visitors.

We suggest a visit to our Observation Tower, from which point of vantage a splendid view may be obtained of Victoria and the surrounding country, and interesting comparisons made between the appearance of the city to-day and what it was in years gone by.

CONSIDER PLEA FOR ANTWERP SERVICE

Government Merchant Marine
Officials Discuss Victoria
Application

The resolution passed by the Victoria Chamber of Commerce urging the Canadian Government Merchant Marine to inaugurate a service direct from Antwerp to Victoria and Vancouver is receiving consideration the Chamber has been advised and B. C. Keeley, Pacific coast manager, will take the matter up with the president of the Chamber of Commerce, C. P. W. Schwengers on his return to the coast. Mr. Keeley, who was in Montreal when the telegram was forwarded fully discussed the matter with R. B. Teakle, manager for the C.M.G. at Montreal, who has just returned from England. Mr. Keeley was acting for him during his absence. "I have charged Mr. Keeley to go into the matter with you. He is leaving Montreal and will get into communication with you as soon as possible after his return," Mr. Teakle wires.

In urging the C.G.M.M. to inaugurate the service the Chamber of Commerce seeks to place Victoria on an equal basis of freight rates with Vancouver. In view of support accorded by Victoria importers on C.G.M.G. steamers sailing from British

ports a strong request was made that an Antwerp service should be placed at the disposal of local shippers.

CANADIAN NATIONAL WILL GIVE DAILY COWICHAN SERVICE

Coach Service to Mile
Seventy-Three Effective
May 18

Effective May 18 the Canadian National Railway will give the first daily railway service to Cowichan Lake. It was announced today by Charles F. Barre, district passenger agent of the C.N.R. in Victoria.

Leaving Point Ellice, the Victoria terminal of the Canadian National Railway, at 8:30 o'clock in the morning the gas car will arrive at the Cowichan Lake terminal, which is but a short distance from the Riverside Inn, at 12:10 o'clock. The car will leave at 1:30 o'clock in the afternoon arriving back at Victoria at 5 o'clock in the evening, thus making the first daily railway connection directly between Victoria and Cowichan Lake.

Work of ballasting and grading the remaining stretch of railway to mile seventy-three was completed a little over a month ago.

SOUNDINGS

The freighter Ethelfreda, which has been loading 1,500,000 feet of lumber at local mills for delivery at New York and Boston, left at noon today for Mill Creek to load a cargo of paper pulp. Following completion of loading there she will move to Vancouver to load 2,000,000 feet of lumber, the remainder of her cargo.

The twenty-two members of the crew of the Harrison-Direct liner Dictator were released from quarantine today, where they were detained on the arrival of the vessel from San Pedro when they refused to be vaccinated as is required by the new quarantine regulations.

Delayed twelve hours by exceptionally heavy cargo offerings in the south the Admiral Farragut, of the Admiral Line, will not arrive here until late Friday afternoon it was announced at the local office this morning.

The Canadian Britisher is expected here tomorrow for dry-docking, it was announced this morning. The Canadian Transporter is also due here, May 25, from the United Kingdom, while the Canadian Seigneur is expected soon from the Orient.

LINER EMPRESS OF CANADA NOW ON HER HOMEWARD RUN AFTER MAKING CRUISE AROUND WORLD

Canadian Pacific World Cruiser, Cleared From Yokohama Wednesday for Honolulu, En Route to Victoria With Over Four Hundred Saloon Passengers; Ship Has Traversed Thirty Thousand Miles

Homeward bound after a five-months' cruise of the World, in which she visited sixteen countries and steamed thirty thousand miles, the Canadian Pacific liner Empress of Canada, Captain Samuel Robinson C.B.E., R.N.R., sailed from Yokohama yesterday for Honolulu en route to Victoria and Vancouver. When she arrives here on May 24, the Empress of Canada will have completed the first round-the-world cruise ever started from a Pacific coast port.

On her arrival in Japan, the Canada was given a splendid reception, her arrival at Kobe being the occasion of another presentation to Captain Robinson, the hero of the Yokohama earthquake. Captain Robinson was presented on his arrival at Kobe with a decoration recently awarded him by the King of Spain. He previously received the silver medal of the order of St. John of Jerusalem and the order of Commander of the British Empire.

On the vessel's arrival at Yokohama the Japanese Government conferred honor upon Captain Robinson.

VISITED MANY COUNTRIES

When the Empress of Canada reaches Victoria on May 24 she will have visited sixteen countries and traversed more than 30,000 miles. Among the countries visited by the liner so far are: Panama, Cuba, Madeira, Gibraltar, Algiers, Monaco, Italy, Egypt, India, Burma, Straits Settlements, Java, the Philippines, China and Japan. She is now en route to Honolulu, where she will pick up more passengers before returning to this port. C. E. Benjamin, cruise traffic manager, is enthusiastic over the success of the first round-the-world cruise commencing from a Pacific coast port.

IMPORTANT PASSENGERS

Prominent among the passengers aboard the Empress of Canada are: Sir Augustus M. Nanton, one of the directors of the Canadian Pacific Railway. He is accompanied by Lady Nanton and their daughters, Miss Constance and Miss Margaret Nanton and his brother, General H. C. Nanton.

In India the Nanton party were the guests of the railroad board on a specially sponsored excursion from Bombay to Agra, Delhi, Simla, Lucknow, Benares and Calcutta, where they joined the steamship which had rounded India by way of Ceylon.

General Nanton was stationed in India thirty-four years, chiefly at Simla, and during his trip through the interior spent a great deal of time renewing old friendships. He is now retired. Sir Augustus and Lady Nanton joined the ship at New York, and were joined at Monaco by their daughters. Their home is in Winnipeg.

Another official of the Canadian Pacific Railway who is aboard the liner is Charles Murphy, general manager of the Western Division of the C.P.R., who is accompanied by Mrs. Murphy and their daughter, Miss Dorothy Murphy.

Other passengers include Mark Workman of Montreal, a large stockholder and former president of the Dominion Steel Corporation, accompanied by his wife and daughter, Miss Nina Workman; J. Bernard Avego, representative of the American Guaranty Trust of New Orleans; Adolph L. Bernheimer, a Los Angeles man, who made his fortune in silk; Gardner Cowles, editor of The Los Angeles Register, accompanied by his wife; Augustus D. Curtis, inventor of the indirect electric lighting system of Chicago, accompanied by his wife, James Hardie of Pittsburgh, a well-known candy manufacturer; Col. George J. Denis of Los Angeles, accompanied by his wife, William D. Hedic, president of Babcock and Wilcox, famous engineering firm, and his wife; Edward Kennard, a metallurgical engineer of Los Angeles, accompanied by his wife and daughter, Miss G. Kennard; Dr. Walter E. Lundbald, a diagnostician from East Orange, New Jersey; Miss Dorothy O'Ryan, daughter of Major-General O'Ryan; Curt C. Pfeiffer, vice-president of George Borgfeldt

CANADIANS WILL MEET EMPRESS AT HONOLULU

Departing on the Canadian Australasian liner R.M.S. Makura last night for Honolulu was a party of Canadians en route to Hawaii, where they will meet the Canadian-Pacific liner Empress of Canada.

The Makura took out a large list for a southbound voyage at this time of the year. The party of Canadians included several from Vancouver and Easterners. There were 150 passengers in the first saloon when the Makura departed last night.

The holds of the Makura were filled to capacity with cargo. Nearly 200 tons of cargo was loaded on here including a shipment of doors, window sashes and roofing paper.

NEW SCHEDULE GIVEN ANCHORAGE VANCOUVER ROUTE

Princess Patricia and Charmer Will Make Four Round Trips a Day

Four trips a day between Vancouver and Nanaimo will be made during July and August by the Canadian Pacific steamers Princess Patricia and Charmer, it was announced today at the offices of the B. C. Coast Steamship Service. In anticipation of heavy traffic between the Mainland and Vancouver Island this service has been arranged to meet all demands of passenger and automobile transportation, both these ships being equipped for the transport of automobiles.

The new schedule will go into effect May 24. Until that date the Princess Patricia will operate on a service giving two round trips a day except on Sundays. From May 21 on June 24 the schedule will include Sunday trips to the Powell River. This weekly excursion will be continued until September 1.

The Charmer will make one round trip from Vancouver to Nanaimo every Saturday and Monday until June 28, when she enters the double daily service between these two ports.

A feature of the July and August service of the Charmer will be the 5 a.m. sailing of this boat from Vancouver. This early departure will enable passengers to retire on the St. Charles on the eve of sailing and find themselves in Nanaimo in time for breakfast at 8 a.m. the following morning with a whole day ahead of them in which to drive over the many inviting highways of Vancouver Island leading to Victoria.

RUSSIAN SINGER TO BECOME MISSIONARY

Hounded Out of Russia, Mme. M. Karinskaya Will Train For Missionary Work

Despite the fact that motion picture interests have already offered her a \$5,000 a month contract and New York and European opera houses are seeking her talent, Mme. Marie A. Karinskaya, Russian opera singer, will train for the missionary field.

Mme. Karinskaya arrived here from Harbin, Manchuria, aboard the Empress of Australia. She has been hounded out of Russia. At one time she was a favorite of the Czar and appeared before the Russian court on many occasions.

While en route to Canada aboard the Empress of Australia she made the decision to go in for missionary work. She was won to this work by missionaries on board who, through an interpreter, studied the scriptures with her.

LATEST MOVEMENTS OF C.G.M.M. SHIPS

Canadian Importer, April 18, left Vancouver for Halifax; due to arrive back at Vancouver July 15.

| 31 | 4 | 0 | 7 | 0 | 4 | 0 |

Through renting a few furnished rooms has become the accepted course with prudent people who have homes large enough to permit it. The very rich do not do in a, of course. Neither do the very poor. But the family of average, or better than average, means is not apt to overlook this means of reducing the "cost of living." A little "want-advertising" is all that is required to put into practice this popular form of thrift.

NEARLY 300 ARE ABOARD ARIZONA MARU DUE MAY 13

Two Japanese Sight-seeing Parties on Inbound Ship

With nearly three hundred passengers the O.S.K. Arizona Maru is scheduled to arrive here next Tuesday from the Orient.

Among the passengers are two Japanese sightseeing parties. One is bound for the East through Canada and the other will travel east from Seattle. There are 282 passengers on board the liner altogether, and according to local officials, this is the largest list that has been brought from the Orient by an O.S.K. liner for some time. There are thirty-four first class and forty-seven steerage for Seattle, while for Victoria there are one first class passenger and 100 steerage. The sight-seeing parties totaling 100 altogether bring the total to 282.

The Arizona Maru is bringing a big cargo, including 2,300 bales of silk and silk goods. Other features of the cargo are the big tonnage of bulk vegetable oils and large consignments of general Oriental merchandise.

The Arizona Maru has approximately 100 tons of cargo to discharge at Victoria, in addition to the usual mail. For Vancouver the liner has between 100 and 150 tons of cargo for discharge.

| 27 | 16:32 | 10.6 | 8:06 | 6.6 | 16:43 | 16.0 | 8:13 | 12.0 |
| 28 | 16:47 | 10.7 | 8:15 | 6.7 | 16:58 | 16.3 | 8:22 | 12.3 |
| 29 | 17:02 | 10.8 | 8:24 | 6.8 | 17:13 | 16.6 | 8:31 | 12.6 |
| 30 | 17:17 | 10.9 | 8:33 | 6.9 | 17:28 | 16.9 | 8:40 | 12.9 |
| 31 | 17:32 | 11.0 | 8:42 | 7.0 | 17:43 | 17.2 | 8:49 | 13.2 |

The time used is Pacific standard, for the 120th Meridian west. It is counted from 6 to 24 hours from midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning.

NEWS IN BRIEF

Wanted by the police as a witness for the Crown in a case now pending a sixteen-year-old Victoria girl was arrested in Seattle, yesterday and will be returned to the city to-day. The hearing meanwhile has been adjourned for trial next week.

J. H. Castley, superintendent of the Game Fish Hatchery at Cowichan Lake, is in the city to-day supervising the shipping of Eastern speckled trout to the pool in the famous gardens owned by R. P. Butchart, near Brentwood, where a number of trout of different varieties already make their abode.

Following an altercation on an Esquimalt street car on May 6 three bluejackets will face Magistrate Jay in the Esquimalt court at 4 o'clock to-day. John Smith and Albert Veale of the H.M.C.S. Patricia, appeared in court yesterday afternoon charged with assaulting Ernest Duhan, the conductor. Smith was

fined \$25 and costs. Veale pleaded not guilty, and will appear with John E. Gumb, C.G.S.S., Esq., this afternoon. Charges of drunkenness were also preferred.

OBITUARY

The remains of the late Edward Victor Christensen, who passed away very suddenly last Saturday afternoon, were laid to rest in Ross Bay Cemetery yesterday afternoon. Service was held at the Thomson Funeral Home, 1625 Quadra Street, at 3 o'clock, when the Rev. Canon Hinchliffe, M.P.P., officiated. The hymns sung were "Jesus Lover of My Soul" and "Peace, Perfect Peace." There were many friends present and many beautiful floral tributes.

The funeral of the late Mr. Thomas H. Mack of Fernwood Road will take place to-morrow afternoon at 3:30 o'clock from the Sands Funeral Chapel. The Reverend Robert Connell, former rector of St. Saviour's Anglican Church, will officiate. Interment will be made in Royal Oak Burial Park.

The funeral of the late Mrs. Margaret Jane Kinloch took place yesterday afternoon at 2 o'clock from the B.C. Funeral Chapel, where service was conducted by the Rev. A. de B. Owen. There was a large attendance of friends, and many beautiful floral offerings covered the casket and hearse, showing the high esteem in which the late Mrs. Kinloch was held. The hymns sung were "Rock of Ages" and "Abide With Me." The following gentlemen acted as pallbearers: Messrs. J. Clements, F. Wilson, J. Carney, F. Rollins, E. Dickinson and F. Lewis. Interment was made in the family plot at Ross Bay Cemetery.

The remains of the late Mrs. Clara Annie Harvey, beloved wife of Ald. John Harvey are resting at the B.C. Funeral Chapel, where the funeral will take place on Saturday afternoon at 2 o'clock, proceeding to Christ Church Cathedral, where service will be held at 2:15. Interment will be made at Ross Bay Cemetery.

Service for the late Mrs. Mari Ann Ross took place yesterday afternoon at 3:30 in the B.C. Funeral Chapel by the Rev. A. de B. Owen, in the presence of a large gathering of friends, including the Ladies' Committee from the Aged Ladies' Association. The hymns sung were "Lead Kindly Light" and "Peace, Perfect Peace." The following gentlemen acted as pallbearers: Messrs. T. W. Carter, E. de B. Owen, C. E. King, S. F. McIntosh, S. H. H. and J. H. H. The remains were laid to rest in the family plot at Ross Bay Cemetery.

There passed away at the family residence, Boundary Road, this morning, Mrs. Sarah Field, beloved wife of Mr. J. Field, aged sixty-nine years, a native of Constantine, Cornwall, England, and a resident of this city for the past four years formerly of Winnipeg, Manitoba. The remains are resting at the Thomson Funeral Home, 1625 Quadra Street, and will be forwarded to Winnipeg where the remains will be laid to rest.

Ships Held in Big Ice Jam on Lake Superior

Duluth, Minn., May 8.—With the northeast gale which started on Upper Lake Superior Monday, continuing unabated throughout the night and this morning, thirteen ships, including the Huronic, a Canadian passenger vessel, to-day were wedged more tightly than ever in the ice jam at the head of the lakes.

The Huronic carries ten or twelve passengers and a crew of fifty. Local amateur radio operators are establishing occasional communication with the ice-bound fleet, but according to vessel men, unless some ships get by Sault Ste. Marie without orders no other vessels have run into the jam as they were ordered held at Two Harbors.

23 THE PRO

Radio Club to Be Formed Here

A meeting of all those interested in radio will be held at the Y.M.C.A. to-morrow night at 8 o'clock for the purpose of hearing the report of a committee that has been appointed to arrange for the forming of a radio club in the city. As there are over 2,000 radio receiving stations in the city it is expected that the meeting will have a large attendance.

ANNUAL MEETING OF BRENTWOOD COLLEGE

Reports Show Work of the Year Past; Governors Re-elected

The first annual meeting of Brentwood College Limited was held this week with a large attendance of shareholders. The Board of Governors, D. James Angus, Lindley Crease, K.C., Major H. C. Holmes, Lt.-Col. W. E. Scott-Thomson, E. A. M. Williams and N. A. Yarrow, were re-elected for a further term with expressions of appreciation for their services in the year past. Mr. F. Curtis presided. Messrs. Price, Waterhouse and Company were re-appointed auditors. Following the chairman's report the meeting closed with a brief report by the principal as to the scholastic phase of the work.

CHAIRMAN'S REPORT

Mr. Curtis' report follows in part: "Upon this occasion of the first annual meeting since we started business, I hope you will forgive me if I call to mind the history of what is now promising to be a very successful undertaking. It must be some five years ago that the idea of establishing such a school was first talked of, upon the lines suggested by our headmaster. At that time, but it was evidently not an opportune moment to go ahead with it, and it was temporarily dropped. It was revived again about eighteen months ago, when Dr. Scott-Moncrieff called a meeting at his office. This meeting led to other meetings, with fresh gentlemen interested, and several phases of various degrees of suitability for establishing the school were thoroughly investigated, including Resthaven, Naval Hospital and private houses. Finally, we succeeded in securing this property after long and anxious negotiations. Many meetings were held and opinion was divided as to whether, in view of the high financial support promised, it would be wise to take up the option some of the governors had obtained. Eventually, on the eve of the meeting, it was decided to take up the option and the property was bought at a very reasonable price and on good terms. The price paid being \$55,000, including 2 1/2 acres of land, and all furniture, boats, etc."

"I have much pleasure in presenting to you the balance sheet for the first year ending April 14, showing, after all interest on loans and accounts payable have been taken into account, a small profit of \$120. I hope you will be in agreement with me when I say that this is a very satisfactory showing. The financing has been no easy task and upon several occasions we have felt very doubtful of the issue. The capital subscribed by you amounted to only \$45,000 out of a total necessary capital of about \$105,000. The balance has been made up by two mortgages aggregating \$30,000, by a loan from one of the governors and by money advanced by the Royal Bank of Canada on personal guarantees, all of which you will find accounted for in the printed copy of the balance sheet."

"Opening a new school with a limited number of boys of all ages ranging from twelve to twenty years, must of necessity result in a considerable amount of expense as regards the teaching staff, etc. The first term as a consequence resulted in a loss, which is usually written off to capital account. Instead of treating it in this way, however, we decided to carry it forward with the hope of wiping it off on the second term's results. Owing to an increase in the number of boys to seventy, we were not only able to wipe out the loss but to show a small profit of \$120."

"The organization expenses will be written off over a series of years as profits permit. The necessity does not arise of providing for depreciation in this first balance sheet, as the replacement value of purchased assets is greater than the amount paid and other capital expenditure has been proceeding throughout the year right up to date. It is the intention of the board in future years to debit suitable depreciation to revenue."

"We feel that the worst is now over and look forward with confidence to the future. We hope it may be possible to secure some of the least expensive interest towards the end of this year, but this must depend on the local replacing of the part of the loaned capital by stock subscriptions."

NEW BUILDINGS

"The new buildings erected consist of an up-to-date and full-sized gymnasium, four class rooms and laboratory. The foundations have been commenced for a chapel with seating capacity for 240 boys. I may mention here that this chapel is being built by voluntary subscriptions, with the willing assistance, in the way of labor, of all the boys in the school."

"As regards sports, we have made one rugby football ground and have two wooden lawn tennis courts, and have in process of making three more tennis courts and two more football fields. In connection with the last item I would say that on account of our own land costing a large sum for clearing and leveling, we are in negotiation for the purchase of a piece of land within easy reach of the school and which is partly cleared."

"As to boating, we have two four-oared racing boats and several small craft. In conclusion I would call your attention to the fact that the governors have given much time and hard work entirely without remuneration, although the articles provide for payment of fees; also they have advanced sums of money without interest, and should it be your desire to retain any of all of the present board, they are ready to carry on on the same terms and do their utmost to make this an important undertaking a success."

REPORT IS READY

The civil economy committee, after three days strenuous attention to the details of the budget, has concluded its work. The report is dramatic in character, and unless government aid is given, there will be a substantial increase in the mill rate this year. The rate will be struck on Monday.

DATE IS SET FOR B.C. PRODUCTS WEEK

Will be Held From June 2 to June 7 Inclusive

Merchants Asked to Feature Home Goods

June 2 to June 7 has been set as the date for the "Buy B.C. Products Week" this year. The Victoria Chamber of Commerce is advised in a letter from the B.C. Products Bureau of the Vancouver Board of Trade and the Columbia Manufacturers' Association. In calling attention to the week the Vancouver Bureau points out that the men who manufacture goods depend upon the home market for support and the livelihood of thousands of workers depends upon their successful operation. Manufacturing cannot exist without agriculture, forestry, mining and fishing production. These industries are so interdependent that each must support the other if British Columbia is to prosper. This is the reason for a "Buy B.C. Products Week" which will be devoted to the task of encouraging the use and consumption of the products of the soil and factories of British Columbia. The Victoria Chamber of Commerce is asked to arrange with Victoria merchants for special displays of B.C. products, to obtain the cooperation of the press, to endeavor to have B.C. products featured in advertising matter, to employ every possible means of driving home to all citizens the great need of buying B.C. products.

CLUB MAY PLACE FLOAT IN PARADE

Rotarians Plan Representation During May 24 Celebration

In all probability the Rotary Club of Victoria will enter a float in the May 24 parade. The club is gathering information as to the cost of such a venture and to report findings to the board of directors. This committee will go thoroughly into each phase of this matter. The club is in favor of placing a float in the parade. William Kelly asked for volunteers with cars from the Rotary Club who would drive the visiting motorists who are coming to the reunion in this city, about the beautiful drives of Victoria between 1 and 3 o'clock on Saturday afternoon of this week. Many of the members consented to take upon themselves this responsibility.

The new directors of the club spoke following the luncheon on the work of the various committees, and how they might further the progress and success of the club's enterprises. The sum of \$20 was voted towards defraying the expenses of the music committee, for it was thought to be unfair to expect the musicians of the club to provide the music for the entertainments which they regularly give for the rest of the membership.

It was announced that the delegates from Australia and New Zealand to the convention of Rotarians in Toronto this year will arrive in Victoria the next liner from the Australasian ports. The Victoria Rotarians will arrange a fitting welcome for these delegates.

Mrs. John Irving is leaving on May 17 for England where she will visit with her daughters, Mrs. Weston and Mrs. Minnah. Mrs. Irving will be absent from Victoria for six months.

DRIVER FREED OF MANSLAUGHTER CHARGE BY JURY

Edward Alexander Smith Acquitted in Assize Court To-day

Court Reaches Final Case on Short List

After twenty minutes deliberation at the close of the hearing in the Assize Court this morning, a jury freed Edward Alexander Smith, charged with manslaughter. The accused was charged with the death of Peter Johnson, a four-year-old boy killed when a car driven by the accused plunged off the road to the beach at Mill Bay on October 9 last. Smith told the court that the accident was caused by the breaking of the steering wheel and the subsequent progress of the car was unmanageable. The acquittal puts an end to the only serious charge on the calendar. W. C. Moresby and R. C. Lowe appeared for the accused, and Alexis Martin for the Crown.

The trial of Harold Washington, charged with doing injury to three men by reason of accident following furious driving, opened at 2:15 p.m. with F. C. Elliott for the defence. Mr. Justice W. A. Macdonald presided. The proceedings this morning were confined to counsel's address to the jury in the Smith case. Mr. Moresby for the defendant, made a careful summary of the evidence and urged belief in the story of his client that the steering gear had broken. In a brief address Mr. Martin pointed to the duty of all who drove motor vehicles to exercise due regard to the danger such operation entailed. The jury returned at noon with the acquittal of the prisoner.

Voluntarily taking the stand on his own behalf yesterday Edward Alexander Smith recited the circumstances which led up to the tragic accident. After some delay in town the accused who was to drive Mr. and Mrs. Peterson Johnson, their child, and Gus Johnson to Chemainus, collected the party and set off on the journey in a touring car. The party stopped at several places on the road, while some of its members had beer or soft drinks. He did not drink anything further, said witness, who had previously testified that all he had that day was one drink from a pint bottle of beer. While driving along the level stretch of the island highway past the water trough at Mill Bay the car suddenly bore away to the right.

Witness grasped the wheel and tried to correct the deflection, but the wheel came loose in his hands. The wooden ring that encircled the spokes came away entirely and he, witness, plunged over the side of the car from his exertions just as the car itself tipped over the bank. It was the sudden inoperability of the steering gear that caused the accident, and prior to the accident no hint had been given of any defect in the mechanism of the car. Thomas Augustus Cartier, on the stand, told of seeing the accused's car overhauled just before it left town. It was then in order, with minor repairs done to the lights. Peter Johnson, called in rebuttal by the Crown, reaffirmed that she had paid for gasoline at Colwood, said by the accused to have been paid by himself. Witness admitted sharing in the beer drinking, and persisted that the car had "bobbled" on route. Herbert Corfield, manager of a Duncan garage, told of being called to the scene of the wreck. He found the wooden rim broken away from the steering wheel spokes, and these spokes were badly bent and twisted. In driving back the car to the garage it had been very difficult to keep it on the road.

TO OPEN CAMPAIGN

F. R. Carlow, Liberal candidate for Esquimalt, will open his campaign at Langford schoolhouse to-morrow evening at 8 o'clock. Mr. Carlow expects that some of the candidates nominated this evening at the Victoria Liberal convention will also speak at the gathering.

EVENTS TO COME

Dr. T. W. Butler will give a lecture by request at The New Thought Temple on Friday evening. The subject will be "The Akashic Records," a subject that is receiving much attention from students these days. Owing to advanced study and research and a desire to understand more the cause of many things that are being brought to the attention of progressive students, the lecture is free and the public is invited.

The regular meeting of Lodge Primrose, No. 32, will be held at Harmony Hall, Fort Street, on Friday evening, May 9. There are several new members to be initiated, and the captain would like to see them in their places at 7:30 o'clock for a drill before the meeting, which will commence at 8 o'clock promptly.

The regular meeting of Queen Alexandra Review, No. 11, W.R.M., will be held in the Native Son's Hall, Douglas Street to-night at 7:30 o'clock. After the meeting at 30, members are asked to invite their friends who are interested in the W.R.M. to a social. A good programme has been prepared, and refreshments will be served.

Notice has been received at the headquarters of the Victoria Day celebration committee that excursions from Bellingham and Vancouver will arrive here on the afternoon of May 24. In order to allow excursionists to see the parade, it is now suggested to abandon the regatta at the George and stage the street parade in the afternoon of that date. To consider that situation the executive committee will meet this evening, and for the transaction of other business.

Russian Judge Put on Trial on Charge of Murder

Moscow, May 8.—Judge Kniasov, chairman of the district court of Voronezh, has been placed on trial for the murder of his young stenographer, Agrova, whom he is alleged to have slain when she rejected his advances. The judge is alleged to have returned to his own court after the slaying and given himself up to the prosecutor, declaring he was ready to take all the consequences.

ADVERTISING IN CALIFORNIA WILL NOW START AGAIN

Full Page Advertisements Will Appear in Sunday's Papers

Victoria Also Appealing Independently to Neighbors

After two weeks suspension, the full page newspapers advertising in California by the Puget Sound and B.C. Associated will be resumed again Sunday, George I. Warren, Publicity Commissioner, announced this morning. Reports on the restrictions enforced on automobile tourists caused a decision to hold up the joint advertising of Vancouver, Victoria, Tacoma, Seattle and Bellingham, but the regulations have now been considerably relaxed except for travelers bringing in camping equipment or food. Next Sunday the attractive full page advertisements featuring the Pacific Northwest will again appear in California newspapers.

INDEPENDENT ADVERTISING

In addition to the joint advertising the Publicity Bureau has made independent plans for Victoria and Island publicity in Eastern Canada and the eastern states of America. Following the visit East made by the Publicity Commissioner, advertisements are now appearing in papers as far East as New York, and inquiries as a result of this advertising are already beginning to come in.

Plans have also been made to bid for tourist trade in the country surrounding Victoria and within a few days a publicity campaign will be launched in Washington, Oregon and the mainland of British Columbia. Through this means it is hoped to appeal to a population of 1,000,000 people, there being 850,000 people in the large cities in that territory. This is looked upon as a profitable field, as tourists from the neighboring cities, it is pointed out, have less time taken up by traveling and are able to make longer stays on the island. Convenient transportation is offered, and the travel from the districts named is growing steadily each year.

INOPORTUNE

To the Editor:—June 21, 1924, is the date when H.M. Special Service Squadron arrives to receive here a welcome June 21, 1924, is the day set apart for the reception of the representatives of the Dominion, including the Hon. Minister of National Defence. Yet June 21, 1924, according to the press, is the date suggested by the Liberal Government as a possible date for the Provincial election.

Surely it cannot be the serious intention of the powers-that-be to fix such a date in view of the above unprecedented occasion? It is hoped that this will prove to be only a newspaper rumor, because there is no question such action would be very strongly resented by the majority of the people.

W. MILLER HIGGS, Secretary British Special Service Squadron Entertainment Committee, Victoria.

Victoria, B. C., May 8, 1924.

EVENTS TO COME

WARING WILL RETIRE FROM LEADERSHIP OF TOURIST TRADE GROUP

After two years successful leadership of the Tourist Trade Group of the Chamber of Commerce Frank Waring announces his intention of retiring from the chairmanship at the annual meeting which will be held at the Chamber of Commerce to-morrow afternoon. Mr. Waring has been pressing hard to allow his name to go before the meeting for the chairmanship for another year but is firm in his decision to step down although he will continue to take an active interest in the work of the group as an ordinary member. Nominations for the new chairman will be made and voted upon by ballot.

A report covering the year's activities will be presented by the chairman together with an appeal to the members to demonstrate their continued interest in the development of Victoria's tourist trade.

TO USE BRIDGE FOR FIRE EQUIPMENT

Owing to the delay in reaching fire calls in Victoria West through having to go round by Point Elsie Bridge, Mayor Hayward to-day arranged for use by fire equipment of Johnson Street Bridge. By telephoning the fire department when the bridge is raised for navigation, and also when the traffic has been resumed, it is expected accordingly few calls across the harbor will be held up in future.

Used furniture, if still useful, is always marketable—for cash. Try a "For Sale" advertisement.

In Any Recipe Calling for Milk

In any recipe calling for milk use Carnation but, because it is twice as rich as ordinary milk, be sure to use 1/2 cup Carnation to 1/2 cup of water.

Use Carnation for every milk need of your family. It is always rich, safe and pure. Its convenience and economy make it the most desirable milk for every purpose.

Ask your grocer to deliver Carnation with your other pure foods. He knows its goodness and is glad to sell it.

BASEBALL, BOXING, SPORTING NEWS, BASKETBALL, GOLF

Sportsmen Getting Behind Programme To Thrill Sailors

Cricketers Announce Matches Between Best of Island and Pick of Fleet

Inter-ship Matches to be Encouraged; Other Sports Are Being Arranged

Every effort is to be made by Victoria sportsmen to make the five or six thousand blue-jackets from the British Special Service Squadron feel at home while on their visit to this city.

An energetic committee is now busy mapping out a programme that will suit all tastes and minds. Boxing, football, rugby, cricket, track and field meets, golf, swimming and rowing are included in the special events to be arranged.

The committee is endeavoring to enlist the support of the various sporting organizations in town to assist in the work. Last night the Victoria and District Cricket Association agreed to take hold of the cricket and will give the followers of this sport in the fleet every opportunity to enjoy themselves.

MATCHES ARRANGED

Two special cricket matches will be played, while inter-ship games will be encouraged. Three playing pitches will be turned over to the sailors for the inter-ship series, while the special matches will be played between the pick of the fleet and an island eleven. Cowichan and Nanaimo cricketers will be asked to lend the Victorians a hand in opposing the best of the blue-jackets while several football and rugby matches, while several organizations are endeavoring to look boxing bouts. There is a report that Vic Foley, chairman of the Canadian bantamweight championship, will meet California Joe Lynch in ten-round bout here. Foley has fought here once before, and his return would ensure a splendid bout. The fleet also possesses a number of fine sailors and every effort will be made to match them.

The golf clubs will do their bit in entertaining the officers of the fleet. Few of the blue-jackets would be baffling clubs and irons, so that the arranging of golf matches will not constitute a very onerous work.

ONE BIG TIME

The one big idea of local sportsmen is to give the sailors a real good time, and in order to achieve this every man jack must get behind the project. There is no question but that the entertainment to be provided for the sailors will make an indelible mark on the minds of the visitors, who have been handsomely feted in other parts of the Empire.

Champions Downed With University In Opening Games

Tillicums Lose to Cranleigh And Hudson's Bay Beat Other Eleven at Cricket

Cranleigh House and Hudson's Bay opened the Wednesday Cricket league with yesterday's action. Cranleigh disposed of last year's champions, the Tillicums, by 125 to 76, while the Bays turned the trick over University by 124 to 53. The bowling of the Bays was too stiff for the students, and they were quickly dismissed, their total just getting beyond the half-century.

The victory of Cranleigh over last year's champions was due almost wholly to the fine work of Sparks, who is also a member of the Incocks. Single-handed he scored enough runs to beat the Tillicums, hitting freely for 90, not out. The rest of his side did not hit very strongly, but the runs were not needed. Sparks proved the downfall of the Tillicums at the wicket, taking no less than five wickets for nine runs.

| Tillicum C.C. | |

"BISCUITS" WINS BOAT

Chicago, May 8.—Stanislav Zbyzsko, veteran Polish wrestler, won two falls out of three from Joe "Toots" Mondt, of Denver, here last night. After taking the first fall with a toe kick in 4:55, Zbyzsko was awarded the final fall by the referee, after eight minutes, because of the persistent fighting of Mondt. Mondt took the second fall in 14:40 with a jackknife hold.

A parachute performer jumped 22,500 feet and lived. Now he'll have to do the darned thing all over again.

One Pitcher Who Does Just What He Pleases

URBAN SHOCKER

Cleveland, May 8.—Urban Shocker, star pitcher of the St. Louis Browns, whose mysterious disappearance from the club some days ago created the impression that he had deserted, is here recovering from a severe attack of tonsillitis.

SHOCKER DENIES HE HAS ANY DIFFERENCES WITH MANAGER GEORGE SISKER OR ANY OF THE CLUB EXECUTIVES.

"If they don't know where I am," explains Shocker, "it's probably because I didn't tell them."

Mr. Shocker, it might be added, is a star, and a temperamental star, and he does just about as he pleases, whether it pleases anyone else or not.

Canadian Horsemen Have Their Eyes On Toronto Race Meet

Season Opening There on May 17 With Running of Historic King's Plate

Toronto, May 8.—The eyes of all Canadian thoroughbred enthusiasts are turned on this city, with the opening of the Canadian racing season and the running of the King's Plate, both scheduled at the Woodbine track on May 17. Already 600 racers are stabled at the track, and this number is being augmented with the arrival of large contingents each day.

With the running of the King's Plate, the oldest stake race on this continent and one of the richest in the world, only ten days away, all the entries are receiving their "preps" daily. The feature of yesterday's workout was the showing of J. C. Fletcher's Mexican Pete, who stepped three-quarters of a mile in 1:12.

SHORTEN DISTANCE

The distance for the plate has been shortened from a mile and one-quarter to a mile and one-eighth. This is to give owners unable to send their horses away for training a better chance against more thoroughly conditioned opponents. It was argued that one and one-quarter miles was too far to send horses in a race so early in the season with the short time for preparation available in an Ontario Spring.

Flying Races Will Be Held at Time of Olympiad in France

Paris, May 8.—The Olympic games include no aerial events, but the flying fans are determined not to let such an occasion pass without a manifestation, says L'Auto.

There will be a grand meet at Vincennes on June 8 and 9, including a series of races, and more than 150 horse power, competition for stunt flying and an event involving pursuit and destruction of small balloons.

Rube's Twisters Halt Long Run Of Wins By Dodgers

Marquard Masters Brooklyn; Giants Win in Tenth on Error

Yankees Had to Slug to Beat Athletics; Washington Breaks Boston's String

NATIONAL LEAGUE

Brooklyn, May 8.—Rube Marquard checked the winning streak of the Dodgers yesterday holding them to eight scattered hits and beating them 4 to 1. Yarrison was hammered out of the box in the third.

| | R. H. E. |
|----------|----------|
| Boston | 4 13 0 |
| Brooklyn | 1 8 2 |

CUBS EVEN SERIES

Pittsburgh, May 8.—Five Pittsburgh pitchers were unable to stop the slugging Cubs and Chicago evened the series by taking yesterday's game 5 to 1. Kaufmann pitched a brilliant game and was effective with men on bases.

| | R. H. E. |
|------------|----------|
| Chicago | 5 14 0 |
| Pittsburgh | 1 8 2 |

GIANTS WIN ON ERROR

Philadelphia, May 8.—New York was forced to go ten innings to beat Philadelphia yesterday 4 to 2. One error by third baseman Woerns was responsible for Kelly's score.

| | R. H. E. |
|--------------|----------|
| New York | 4 7 1 |
| Philadelphia | 2 10 0 |

AMERICAN LEAGUE

New York, May 8.—Terrific slugging gave the Yankees a third straight victory over Philadelphia yesterday 7 to 4. It was the ninth straight defeat for the Athletics.

BROWNS WIN HARD ONE

Cleveland, May 8.—St. Louis defeated Cleveland yesterday 10 to 8. After St. Louis drove Coveleskie from the box and scored six runs in the first inning Cleveland tied it up in the second, and went to the front in the third only to let the Browns take the lead again in the fifth.

| | R. H. E. |
|-----------|----------|
| St. Louis | 10 16 0 |
| Cleveland | 8 13 0 |

RED SOX AT LAST LOSE

Boston, May 8.—Boston ended its winning streak yesterday when Washington won an eleven-inning game 5 to 4. The deciding run came on singles by Judge and Ruel. Prothro's infield out and a wild pitch by Jack Quinn. Lee's fielding and three Washington double plays were features.

| | R. H. E. |
|------------|----------|
| Washington | 5 13 0 |
| Boston | 4 9 1 |

COAST LEAGUE

Seattle, May 8.—Seattle obtained the second game of the series from Portland Beavers yesterday, 12 to 7. The Indians won the contest in the sixth inning, when they scored seven runs. Cox and Wolfert, outfielders of the Portland Club, were both injured when they collided in centre field during the batting rally.

| | R. H. E. |
|----------|----------|
| Portland | 5 13 0 |
| Seattle | 12 7 2 |

MAILS CONQUER ANGELS

Los Angeles, May 8.—Oakland made it two straight from Los Angeles here yesterday, when Walter Mails conquered George Payne, 3 to 1, in a fourteen-inning pitching duel.

| | R. H. E. |
|-------------|----------|
| Oakland | 3 12 0 |
| Los Angeles | 1 10 1 |

SEATS AT TOP AGAIN

San Francisco, May 8.—San Francisco went back into undisputed possession of first place in the Pacific Coast League yesterday by conquering Vernon 6 to 5. The Tigers twice tied the score, once in the seventh and again in the ninth, but the Seals put over the winning run in the last inning when Mulligan scored on Kill-duff's double.

| | R. H. E. |

Newark, N.J., May 8.—Reading 8, Rochester 5. Jersey City 5, Buffalo 1. Baltimore 5-0, Toronto 5-5.

TWO VICTORIANS GAIN PLACES ON TEAM WHICH WILL REPRESENT CANADA AT BISLEY

MAJOR F. RICHARDSON

Ottawa, May 8.—The Canadian Bisley team which will take part in the annual competition at Bisley, England, which starts July 7 next, is officially announced by the Dominion of Canada Rifle Association. The team will sail on the Caronia from Quebec June 12.

The team: Major J. E. L. Straight, M.C., Kelowna, Ont. (commandant); Captain C. Crighton, Toronto (adjutant); Sergeant J. A. Bowen, Edmonton; C.S.M. W. J. Jaffray, Toronto; Pte. H. J. White, Toronto; Lieut. H. Bishop, Ottawa; Lieut. Alex. Martin, Calgary; Gunner F. Ho Lem, Calgary; Sergt. R. Storrer, Toronto; S. Sergt. J. Blum, Hamilton; Pte. D. Burke, Ottawa; Pte. B. W. Beaumont, Victoria; S. Sergt. Major F. J. Goodhouse, Ottawa; Major J. Jeffery, Kingston; Major R. S. Ross, Ottawa; Sergt. A. F. B. Wilson, Ottawa; Major F. Richardson, Victoria; C. Sergt. Major W. A. Hawkins (G.M.), Toronto; Lieut.-Col. C. D. Spittal (R.O.), St. John, N.B.; and Sergt. D. Stewart, C.M.S.C., Ottawa.

No Bisley team would be complete without Major Richardson. He has been going across for the past twenty years, and while he has never won the King's Prize he has been a big money winner. Pte. Beaumont will be making his first trip. He is a young shot and should do very well. Both Richardson and Beaumont are from the 14th Canadian Scottish, which is quite a feather in the cap of this regiment. No other British Columbians are on the team.

Understudy Catcher Serving To Break Jinx Which Has Pursued Famous Pitcher

EDDIE ROMMEL

Ball players are a superstitious lot. This goes as strongly for the stars as for the men of the line.

In 1922 Eddie Rommel was the pitching sensation of the American League. With a seventh place club he won twenty-seven out of forty games, a remarkable record.

Cy Perkins that season was as much in the limelight as a catcher as Rommel, a pitcher. Perkins was Frederick were potent factors in the Bee victory. Kopp and Siglin clouted out four-baggers for the visitors.

Last season Rommel didn't go as well. With a much better ball club he lacked one game of breaking even on the season.

In a number of games one tough break would bring about his defeat. Dame Fortune that had smiled on him throughout 1922 deserted him last year.

Late last year, with the club going badly, Bruggy was selected to catch Rommel, with a hope that it

Veterans Have Fine Team For Dominion Series

Handed 5-1 Defeat to All-Stars at Royal Athletic Park Last Night

Vets Will Clash With Nationals, of Vancouver, on Saturday in First Round

Completely overwhelming their opponents the Veterans' Conquest Cup team handed a 5-1 defeat to the All-Stars at the Royal Athletic Park last night. Only a handful of fans turned out to watch the cup team in action.

The ex-service men have collected together a team that should make a great showing in the series for the championship of Canada. The Vets are drawn against the Canadian National team of Vancouver in the first round and will meet them on Saturday at the Royal Athletic Park.

The mainline eleven is a formidable affair and it is expected that the local team will be given a hard battle. Among the railway team are three of the I.L.A. players who played in an exhibition game here around Christmas.

COULTER A STAR

The feature of last night's game was the playing of Coulter, from the Garrison, who is filling the centre forward position for the Vets. This snappy player scored four of his team's goals and gave a fine exhibition of soccer.

The score at the end of the first half was three to nothing in favor of the Vets. The first goal came as the result of a penalty, Campbell netting the ball with a terrific drive that gave Shrimpton no chance to save.

In the second half the Stars had an evens break on the play but they were only able to score one goal, Phillips scoring on a penalty shot.

Shrimpton in goal for the all-stars gave a splendid exhibition, while Mether played a great game at centre-half. Percy Payne refereed and the teams were a splendid exhibition.

Veterans—Bridges; Copas and Cummings; J. Rowe, S. Sherratt and Ord; W. Cummings, Campbell, Coulter, Mether and Payne.

All Stars—Shrimpton; Watt and Auchincloss; Obbe, Mether and T. Watt; Hewitt, Phillips, Whyte, Watt and Clarkson.

Phil Taylor Will Not Cross Border To Take Pro Job

Phil Taylor, professional at the Victoria Golf Club, is not going away. He intends to stay right here at the Bay and develop his own team for the P.A.A.O. regatta.

Phil announced yesterday that he would not take the job at the Ingwood Golf Club, which is a P.A.A.O. regatta. This news will be welcomed by local enthusiasts.

Vancouver Ruggers To Be Picked For Edmonton Series

Vancouver, May 8.—Final selection of the representative rugby team which will go to Edmonton on May 21 for a two-game series will be made to-night at King Edward High School grounds after the regular practice.

President J. L. Gunn, Vice-presidents R. P. Woodward and W. C. Stoeck and Coach Jim Scott will act as the selection committee and they will watch all the candidates in action on Thursday. Practices will continue each Monday and Thursday after the team is selected until the date of leaving but in order that the players can get leave from their business the selection will be made immediately.

The party will leave by C.N.R. on the evening of May 21 and will stay at the Selkirk Hotel while in Edmonton. A light workout will be held on May 22 and the first game played on Victoria Day. The second game will be played on May 26 and the party will entrain that evening, arriving in Vancouver in the morning of May 28.

Helen Wills Leaves To Meet French Girl

Berkeley, Cal., May 8.—Miss Helen Wills, national women's tennis champion, left here yesterday en route for Europe to play as number one player in the United States women's team in the international matches at Wimbledon, England, and the Olympic games in Paris. She is accompanied by her mother.

Stroy confidence. That was Rommel's case in 1923.

Possibly there is also a bit of sentiment back of Rommel's desire that Bruggy handle his stuff. During the early days of his minor league career, Bruggy helped make Rommel the great pitcher he is to-day.

The arrangement suits Perkins perfectly. "Rommel can make the ball do more than any pitcher I ever caught," says Cy. "He is a mighty hard man to catch. His knuckler takes such peculiar breaks at times that a catcher seeks to block it rather than catch it."

"Eddie had a lot of tough breaks last year, should have won many a game that he lost. Perhaps shifting to Bruggy will help his line. I certainly hope so, for with Rommel pitching winning ball we will be a tough club to beat."

"He may also make me a more valuable catcher, since it relieves me of the difficult task of catching Rommel."

Merely a matter of superstition, which is strong in the ball players. Perhaps it would be better to lay it to psychology. To win a player must believe in it. Continued defeat de-

PROMISING RIDER OF ENGLISH TURF

CHARLEY SMIRKE

London, May 8.—England has its own Ivan Parks. His name happens to be Charley Smirke. He is a seventeen-year-old—stripling and weighs only eighty-four pounds. In three years he has ridden more than 100 winners, and local turf critics predict he will ultimately outshine Steve Donoghue, current idol of the bettors.

Smirke, like Parke, the American youngster, started riding as a tiny lad and, again like the Idaho star, was a sensation right off the reel, or stirrup, if you will.

His dad wanted him to be a fighter, but Smirke's love for the saddle won out.

Southern Oarsmen Anxious To Row At N.P.A.A.O. Regatta

Four-oared and Single Champions of California May Pull at Vancouver

Vancouver, May 8.—Two big international regattas in Vancouver at the same time as the annual regatta of the North Pacific Association of Amateur Oarsmen is possible if the individual clubs of the N.P.A.A.O. accept a request which will be placed before them.

The request is made by the Pacific Association of Amateur Oarsmen to P.A.N.W. open golf championship to the city.

Phil announced yesterday that he would not take the job at the Ingwood Golf Club, which is a P.A.A.O. regatta. This news will be welcomed by local enthusiasts.

The Pacific Association will name its four-oared champions and its single sculls winner on July 4, after a big regatta at San Francisco. Last season and the year before, the contest for the Coast title was rowed about a month after the N.P.A.A.O. regatta. This year the P.A.A.O. suggested a change.

READY TO COME NORTH

The Pacific Association will name its four-oared champions and its single sculls winner on July 4, after a big regatta at San Francisco. Last season and the year before, the contest for the Coast title was rowed about a month after the N.P.A.A.O. regatta. This year the P.A.A.O. suggested a change.

The perfecting of this device to give turf decisions, brings up a discussion as to whether baseball would profit by a perfect umpire, an automatic invention that would call balls and strikes and out and safe and never make a mistake.

Baseball thrives on the old alibi. It is surprising how much satisfaction many a fan gets in seeing a ball being able to dig up some adverse decision of the umpire and lay the blame at the official's door.

The perfect umpire would take much of the thrill out of baseball. It would eliminate the favorite target of fandom.

With the perfect umpire in charge of the game the fan would have no outlet for his feelings.

Incidentally, it would kill for all time Old Man Alibi, a favorite, with fan and player.

It's human to err. Umpires, all reports to the contrary, are human. No sir! It doesn't look as though the perfect umpire would go over very big in baseball.

Effort Being Made To Patch up Breach In Tennis Family

New York, May 8.—No change in the attitude of the United States Lawn Tennis Association on the player-writer issue was indicated today as a result of a conference of officials last night with representatives of the Germantown Cricket Club of Philadelphia, which has announced the cause of William T. Tilden, national champion, and a member of the club in the controversy.

The association declined to reveal the outcome of the conference, but it was understood progress was made toward adjusting differences.

So far as the suggestion that a special meeting of the U.S.L.T.A. be called to reconsider the player-writer interpretation is concerned, it was learned that there is now little prospect of such a session.

One of the outstanding achievements of the play at the Uplands Golf Club over the week-end for the club championship was the hole-in-one made by A. P. Thomas, who was playing with F. Wilding. Mr. Thomas sank his tee shot from the eleventh, a distance of 189 yards.

SELKIRKS' SOCCER LOOP Nelson, B.C., May 8.—A senior soccer league for the Selkirks has been decided on with Cranbrook, Kimberley and Concentrator as the probable components.

AT THE THEATRES

Alexander, Mystery
Man, Now Appears
at Pantages

Alexander, "The Man Who Knows," world's master psychologist, in the feature of this week's Pantages show. There will be a matinee and two evening shows tonight, commencing at 7 and 9 o'clock respectively. During his stay, Alexander has been providing the real thrill that the charm of mystery has for the old and young alike. He is regarded as the greatest psychic of modern times and press comment has it that he truly is a mental wonder when it comes to fathoming the minds of his auditors. How he does it is his own secret, all of his remarkable demonstrations taking place while he is upon a fully lighted stage or down in the audience.

Alexander answers questions as the inventive mind might suggest. Other tests of a psychological nature

include his challenge slate-writing, during which he uses exclusively slates brought by members of the audience and held by them at all times.

An atmospheric opening is given the act by the introduction of a series of Oriental dance creations, interpreted by Mlle. Valeska and the Nartell twins, foremost Far Eastern exponents of terpsichore.

The balance of the bill consists of Wigginsville, an unusually entertaining musical comedy; Bayes and Smith, in an amusing sketch "Keep

Smiling," which has gained wide popularity; Chuck Haas, drawing Southern cow puncher who owns a trick lariat; and the two Adairs wonder gymnasts.

Bob Fitzsimmons
Aided Production
of Capitol Picture

Advice received from the lips of the late Bob Fitzsimmons, once heavyweight champion of the world, proved useful to Herbert Brenon in filming fight scenes for his latest production for Paramount, "The Breaking Point."

"Strike from where the hand is," said Fitzsimmons in explaining to Mr. Brenon the secret of his success in the ring.

In "The Breaking Point," Matt Moore and Cyril Ring engage in a fight.

"Don't draw back the arm when you prepare for a blow," ordered Mr. Brenon. "Strike from where the hand is," and Moore does.

The featured players in "The Breaking Point" which was adapted for the screen by Julie Herne and Edith Bingham from Mary Roberts Rinehart's novel are Nita Naldi, Patsy Ruth Miller, Matt Moore and George Fawcett.

This picture is now showing at the Capitol Theatre.

Many Big
Thrills Shown
in Beach Story

Clarence G. Badger, director of the Metro-SL special, "The Shooting of Dan McGrew," now playing at the Dominion Theatre, was born in San Francisco. He went to Boston with his family at the age of one. After leaving school he became a writer for the Youth's Companion, and then an editor of that publication.

Then followed several years of roaming through the country. Reaching the Pacific coast, he became associated with the Herald, Eureka, Cal., for which Mr. Badger wrote news items, served as official photographer, set type, did the engraving, solicited advertising, collected bills, wrote the editorials, and did everything else but deliver the papers.

Mr. Badger even had spare time

enough to write scenarios. After selling three of them he became staff scenario man at the Lubin studio. Later he wrote for Universal, Keystone and Vitaphone. Following his completion of a story for Vitaphone called "Lost in Mid-Ocean," he was told to "get a cast together, grab a megaphone and direct the picture," and he has been directing pictures ever since.

He directed Keystone's first four-reeler, "A Modern Enoch Arden," following this by directing Gloria Swanson, bringing Bobby Vernon to fame and making a series of pictures with the now famous dog Teddy. Besides supervising pictures starring Will Rogers, Mabel Normand and Madge Kennedy, Mr. Badger directed "Quincy Adams Sawyer" and "Fotash and Perimutter."

Cape Cod Is
Shown in Picture
at Playhouse

Joseph C. Lincoln, author of the Irene Castle production, "No Treason," at the Playhouse, is a Cape Cod man by birth. He was in the greater part of his life on the Cape before he commenced to write his famous Cape Cod stories. So far as practical knowledge of Cape Cod kitchens is concerned, Mr. Lincoln ought to know what he is talking and writing about.

For this reason Director Edwin L. Hollywood feels particularly elated over Mr. Lincoln's warm praise of a Cape Cod kitchen scene which appears in this picture. Before the studio set for this scene was built Mr. Lincoln, together with Director Hollywood and Art Director E. Douglas Bingham, journeyed from New York to the Cape to look over the possibilities for exteriors.

When the company returned to New York the kitchen set was built in the studio, following the plans drawn by Mr. Hollywood and Mr. Bingham. A few days later Mr. Lincoln visited the studio to watch Mr. Hollywood shoot the scene. For a few minutes he stood looking at the set, his head tipped characteristically on one side.

"Do you like it?" asked Mr. Hollywood.

"Fine," said Mr. Lincoln. "In fact, you've got more Cape Cod atmosphere here than I actually is on the Cape. It couldn't be better."

"Well, I'm glad you like it," replied Mr. Hollywood. "We certainly worked hard to get the right effect."

"You've got the effect," said Mr. Lincoln. "I wouldn't like anything better than to walk into such a kitchen and stay for dinner."

Later that afternoon Mrs. Castle served tea in that very kitchen and then Mr. Lincoln was treated to the hospitality of tea in a Cape Cod kitchen in New York.

Had Chaperon
Career in Life
Before Directing

No matter what one's taste may be in screen entertainment, "Flowing Gold," Richard Walton Tully's latest contribution to the cinema art, will afford pleasure to the most fastidious. This First National picture is the attraction at the Royal again to-day.

Seldom, if ever, has any novel offered the unusual opportunity for diversified and exciting screen action as does this great Rex Beach tale of the Texas oil fields. Delicious comedy, pleasing romance, intense drama, pathos, thrills and spectacular sequences are cunningly intermingled.

The ladies will revel in the beautiful gowns and settings of some of the episodes, while the men will grip their seats during the big fight scenes between Milton Sillis and John Roche. Probably never before has anything so spectacular and thrilling been attempted on the screen, as the vivid storm, flood and fire scenes. The hazardous ride up on a roof-top by Anna Q. Nilsson and Milton Sillis, through a raging torrent of blazing oil, in the midst of a cloudburst and thunderstorm, with burning oil wells all about them, is calculated to bring a gasp from the most hardened audience. And when the house tips over with them—but why tell you all about it?

If you relish a good laugh with your pictureplay entertainment, the work of Josephine Crowell and Bert Woodruff, as newly rich lease holders of the oil country, will delight you.

Other famous artists appearing in the all star cast are Alice Calhoun, Crauford Kent, Charles Sellon, Cissy Fitzgerald, Frank Farrington, Col. Tom Bates and Evelyn Sherman.

"Flowing Gold" was directed by Joseph de Grasse from the scenario by Richard Walton Tully.

Dominion to
Present Story of
Francis Villon

That genius sometimes walks in strange places is well illustrated in the careers of two French poets who were as infamous as they were famous.

Francis Villon, the more noted of Paris' two scapegrace poets, was a strange human incongruity. A thief and a drunkard, who spent his life in the underworld, consorted with cut-throats, and withal wrote some of the most beautiful verse in French literature. One of his best known poems is "A Ballad of Dead Ladies," touched with delicate beauty and tender pathos. Ultimately Villon was hanged, and his picturesque career

Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckleface, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

Stenhouse, Ltd., 35 St. Francois Xavier St., Montreal, Que.

was the inspiration of Robert Louis Stevenson's great story "A Lodging for the Night." Another poet who blossomed forth in the murk of darkest Paris was Gringore. While probably less generally known in Canada, he was the smaller number of his verses which have been translated, he vies with Villon for combining a life of debauchery with the noblest poetic expression.

Recently Gringore was the centre of a literary controversy. It happened during the filming of "The Hunchback of Notre Dame," the Victor Hugo classic coming to the Dominion Theatre next week. In his classic Hugo credits the lines: "His better to have loved and lost, than never to have loved at all," to Gringore, who is one of the chief characters in both books.

Director Wallace Worley insisted Tenyson wrote the lines, Hugo notwithstanding. A search showed that he was right. The question was put up to literary men and it was found that Gringore's poems carried virtually the same lines, but with a different wording. To honor the poet, the director decided to have the lines changed to those of Gringore, who is one of the chief characters in both books.

U.S. CAPITAL IN CANADA

To the Editor:—Your editorial in to-day's issue dealing with the investment of American capital in Canada, will come as an unpleasant surprise to many, and one cannot resist the feeling of uneasiness at the unconcern with which such a movement is met by the press.

Some of your comments deserve special reference, as they are in my opinion quite misleading.

You say: "Because of the vast amounts locked up in war debts, the available supply of capital from Britain has been much curtailed."

The amount of such investments in war loans has little or nothing to do with the ability of Britain to supply capital to Canada. Such ability depends on the extent to which Canada is prepared to buy British goods chiefly. Let Canada increase her purchases in Britain, and I venture to say little or no difficulty would be experienced in securing additional capital therefrom.

Referring to the fact that out of a national debt of two and one-half billions Canadians hold two billions of it themselves, you say: "That is creditable to Canadians, but it also carries with it the fact that that much of our money is removed from the field of industry and development, creating a void which has to be filled by outside capital, chiefly American in the present state of the world."

This debt does not represent money removed from the field of industry and development. What it does represent is spending on past production, which was consumed in warlike activities chiefly. If such production had, instead of being dissipated in the pursuits of war, been utilized in the development of Canadian resources, productive capacity which expanded rapidly during the war, would have been still further increased, but production capacity does not create money for investment.

It is a notable fact that here in Canada today the several factors of production are being used only to a very partial extent. We have a capacity for wealth production much in excess of the rail which is being made upon it. Effective demand is deficient, and such demand arises of the credit system which creates the money of industry and commerce.

Why on earth should we go to the United States for capital when we have all the factors necessary to produce all the capital required consistent with a healthy expansion? Because, I suppose, we have never questioned the oft-repeated statement that: "All new countries have to look to older and more advanced countries for capital with which to develop themselves."

There is a serious side to this question as it affects the foreign policy of nations and its relation to war.

How did the United States pay her debt to Britain? By the receipt of war orders! Britain, France and Canada went to war while the United States kept out as long as possible. The orders she received for war supplies enabled her to liquidate a huge pre-war debt and at the same time establish financial world supremacy.

If Britain is ever to regain her former position in the world of finance—and there are those in the seats of power who would not be averse to it—her diplomacy must be directed to steering clear of any entanglements the United States might throw out should she become engaged in a war of importance. British policy with such an aim in view must be to steer clear of any war in which the United States comes to be engaged so she may reverse the present state of affairs.

The same is true of Canada, for it would seem that under peace conditions there is no hope of being able to liquidate the steadily increasing debt to the United States. According to A. J. Wilson, an eminent financial authority in England, the colonies, prior to the war, were headed straight for insolvency, and they, like the United States, were only able to redeem their position by the receipt of war orders from Britain and Europe.

Let us face this question in all its seriousness and realize that we have the resources for a healthy development of capital enterprises without a continuance of the vicious habit of borrowing across the border.

John Dean, Esq., P.O. Box 243, Victoria, B.C.

Dear Sir:

Mr. A. M. Fraser has asked me to send you what information I have re the Winnipeg Municipal Golf Course and I have pleasure in appending herewith the following particulars:

Area, 32.7 acres; length of course, 5,475 yards; debenture of indebtedness, \$554,000; interest charges, \$24,330; sinking fund, \$6,030.81. Exempt from general taxes—Capital expenditure to date, course, clubhouse, etc., \$51,000; expenditure to date, operation and maintenance, \$72,000; gross revenue to date, \$88,000; annual cost of operation and maintenance, \$24,000; estimated gross revenue, 1925, \$37,000.

Trusting the above is the information you require.

"T. FOX-DECENT,"
Secretary.

POSTPONE TOURNEY

Los Angeles, May 8.—The Southern California golf championship scheduled at Los Angeles Country Club here has been postponed until June 22, 23 and 24, due to a conflict with events on the Southern California Golf Association's schedule.

Earthquake Was
Recorded in Italy

Faenza, Italy, May 8.—A violent earthquake shock, which lasted about two hours, and is believed to have had its centre in Northeastern Asia, was recorded here yesterday.

VITALITY RESTORED
BY RICH, RED BLOOD

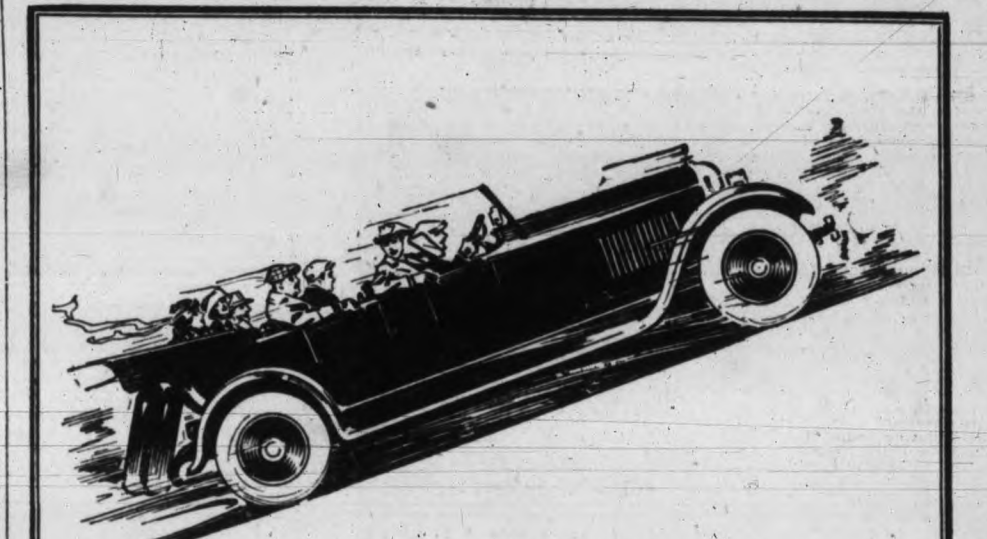

The Vigor, Strength And Nerve Power Of Every Man and Woman Is Created By The Blood Stream

What gives every man his strength and vitality? Red blood. What makes the glowing beauty of women? Red blood. Red blood is the supreme driving force of life. It builds up the body tissues, restores weakened nerves, makes our systems pulse with life power.

If we lack strength, or our nerve force is exhausted, we should think first of our blood. We should enrich the blood and then, through the new vigor and nerve power that comes with rich, red blood, regain the health, vitality and happiness that is our heritage.

Weak, discouraged men and women should get from their druggist without delay a bottle of Wincarnis, the wonderful blood builder. Wincarnis is so effective that only three tablespoonful a day are taken and this makes it cost only ten cents a day.

Wincarnis is a harmless home treatment that often gives amazing results in from eight to twelve days. No need to worry any longer. Wincarnis will give you new strength, vitality, nerve power. (Advt.)

No "Knocking"
Even on the Hills

How this Gasoline Prevents It

UNION is non-detonating gasoline. That means that it has no tendency to "knock" even on steep hills.

Detonation is instantaneous explosion, soon spent—a smashing blow on the piston head—one that doesn't "follow through."

It causes not only "knocking" but vibration and develops extra wear and tear with no increase in power.

A Different Result

Union Non-Detonating Gasoline brings a different result. The explosions are quick and lively, but sustained throughout the full stroke of the piston so it drives clear through. That is the secret of real efficiency in fuel.

There's no sudden smash, no "knock," but quick, strong, steady power which is smooth.

It has the rush for quick pick-up, the speed you like on straight-aways. But it lacks the "knock," the jar and the vibration.

Test for 50 Miles

SPAIN'S FAIREST MAIDEN.—Spain has grown tired watching beauty contests in England, France and other countries. So she stages one of her own. And here is the pretty maid whom the judges decided was the prettiest in all Spain. They call her Senorita La Goya.

STINNES' KIN CARRY COFFIN.—Those nearest to the late Hugo Stinnes carried his coffin from the West Sanatorium in Berlin where he died. The men carrying the coffin are, reading from left to right: his son-in-law, his second son, Hugo; his eldest son, Dr. Edmund Stinnes; his youngest son, Otto; and Dr. Sternburg, for many years his private secretary.

A BATTLE IN THE WILDERNESS.—The Texas state fish and game commission believes this is the only picture ever taken of a fight between two deer. T. Y. Nave and Arthur Roeger, obtaining pictures for the commission, found the fighters in the forests. Their horns were locked. To save the deer from agony and from death by starvation, it was necessary to shoot them.

SCHOOL DAYS

By DWIG

SEEKS FAITH CURE.—Mrs. William Jennings Bryan, invalid wife of the famed Democratic orator, photographed before she left for Hazelhurst, Ga., where Raymond T. Richey, faith healer, has been holding meetings and where, she announced, she hopes to be healed.

GETS GERTIE.—Earl of Dudley, who was married at the British consulate in Paris to Gertie Millar, famous musical comedy star.

FIRST PICTURES OF ARIZONA'S TOURISTS' HEALTH BLOCKADE.—"They Shall Not Pass!" That was the order that went out from the offices of Governor Hunt of Arizona when the foot and mouth disease was prevalent in parts of California. Hundreds of tourists, easterners returning to their homes after spending the winter in California, were detained by health authorities as they crossed the border. Here is a glimpse of one of the camps. In the circle is a sign posted on the bridge at the state line advising automobilists of the quarantine. Bottom picture shows the "delousing" plants, so familiar to the men of the A.E.F., came back into their own during the blockade. Baggage and clothing were thoroughly fumigated while tourists were compelled to bathe with steaming hot water and carbolic soap.

"WILD BULL" RAMPANT IN HOME FIELD.—Al Reich, taking the count, after his recent battle in South America with Luis Angel Firpo. This first picture from the ringside shows (inset) Firpo waiting for the gong.

PRO-EVOLUTION.—Chrysallis, the statue by Carl Akeley which symbolizes evolution and which was rejected by the New York Academy of design, which was unveiled by the Rev. Charles E. Potter (below) in his New York Unitarian Church. Dr. Potter is the clergyman who has been supporting the evolutionary theory in opposition to the religious "fundamentalists." The statue, here shown, depicts man, casting off the coat of ape ancestry.

HATES NEW RICH.—Dowager Duchess of Norfolk, who has offered to rent Arundel Castle, but only on condition that her tenants be not of the newly-rich class.

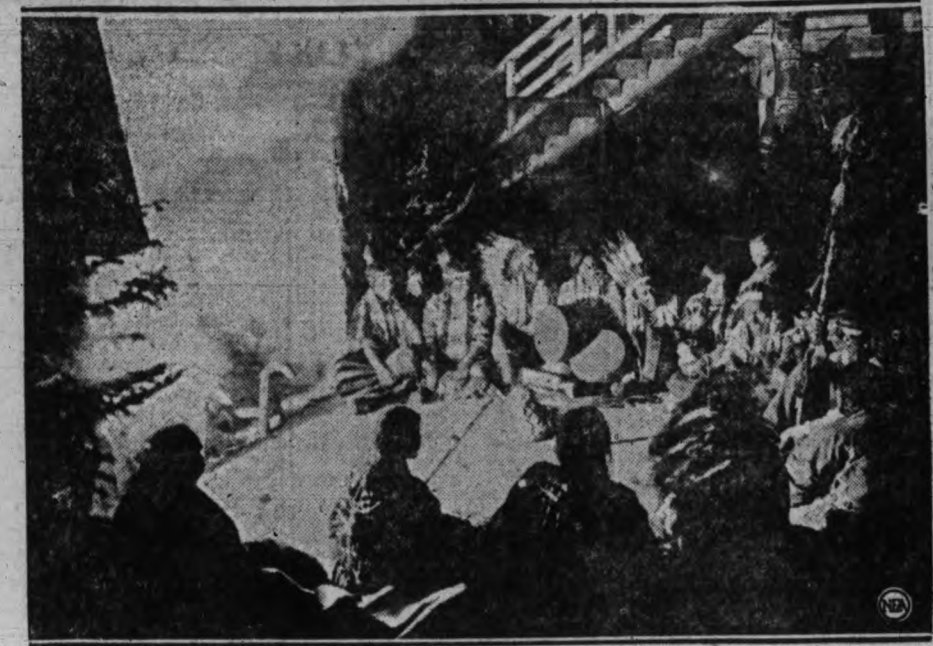

BANKER'S WIFE ROBBED.—Lady Williams-Taylor, wife of Sir Frederick Williams-Taylor, general manager of the Bank of Montreal, while visiting with friends near Charlottesville, Virginia, was robbed of jewels, furs and lingerie valued at \$50,000. Fortunately she was wearing a diamond cluster ring, valued at \$60,000, which thus failed to fall into the robbers' hands.

NEWEST STAR OF VIENNESE STAGE.—Elsie Hammer, still of kindergarten age, who has become the latest sensation of the season at the Austrian capital. Pretty and coy, she displays the art of a mature actress.

AND IT'S CENTURIES OLD!—Beautiful pieces of mosaic art are being uncovered by members of this year's Franco-American expedition in the ancient city of Carthage. This specimen here is declared to be almost perfect.

IT OUGHT TO BE A GREAT RECEPTION.—Looks like a war council. But it isn't. It is a peace meeting. These Indians form the reception committee for the Alpha Phi fraternity's convention in Glacier National Park this June. And they are only discussing plans for receiving the delegates who are coming from colleges from all over Canada and United States.

ON THE FIRING LINE.—Soldier of the foreign legion being carried off the field by Spanish comrades after a skirmish with Moorish rebels.

SHELLING REBEL MOORS.—Spanish artillery in Spanish-Moorish War in the Rif firing on the rebel Moors.

HEADQUARTERS STAFF.—General Marzio and his headquarters staff in an advance redoubt near Tizi-Azza in the Spanish-Moorish War in the Rif.

Wall Street TO DAY

**Last Minute News on Stocks
and Financial
Affairs**

LITTLE CHANGE IN STOCK MARKET

New York May 5 (R. P. Clark) (Cp., Ltd.).—The turn over-to-day was very small and operations by professionals constituted the bulk of the dealings. Some selling was dictated by the Jones amendment to the revenue bill. But, the volume of liquidation was small, and offerings from professional sources. Foreign exchange was weak on the reported strike in the Ruhr district. Copper stocks were strong on reports of a shortage of falling off in the surplus of the metal. Some of the oil stocks were under pressure chiefly as a result of reports showing a drop in production figures which showed a decline of 8,900 barrels a day. The market is waiting one and at the present time legislative developments at Washington are being followed very closely as it is believed that the market may get real impetus from the occurrences there. The undertone of the market is one of confidence in the absence of pressure quite naturally fosters the conviction that the market is a well liquidated one. It is only a matter of time until the market may prove to be the more constructive one just now.

**DULL AND SAGGING
MARKET IN WALL ST**

New York, May 14 (R. B. B.)—If the stock market was bored at the higher prices of yesterday, it also became tired, and dull at the close today. There was a certain amount of weakness in the market chiefly as a result of the unfavorable tax news from Washington. The market had receded good fraction of an inch from its peak in buying came in to check the decline and business became very slow thereafter. A few traders have shifted to the long end of the market, and of the local crowd continues bears on the market. Commission house sentiment has changed to some extent, and the pessimistic opinion by far well divided as to the immediate course of prices. Congress will adjourn about the first week in June, and the market will probably be more active. It may do better after that time, but it will not decline much in the meantime. The consensus of opinion is that it is not likely that stocks may decline some little further, but they will decline some, but that soon after that better prices can be expected. The railroad group furnished the strongest feature of the market. Panama, Chesapeake and Ohio and Northwestern showed steady improvement. American Can was the feature of the industrial group. Oils were pressed for sale again, although it was reported that Sinclair Consolidated had arranged for next week's delivery of 100,000 barrels of heavy feature which started the decline in oils yesterday.

CHICAGO GRAINS MEET GOOD

WHEAT

(Chicago, May 8 (By R. P. Clark & Company—Limited). There was better demand for the wheat on the boards especially as shorts were disappointed in their sales. The market remained firm at this afternoon. The weakness in corn early was the principal incentive for selling early, which was brisk close at Liverpool, while finished $\frac{3}{4}$ to $1\frac{1}{4}$ cents lower, was a factor later. The shipping demand was fair and there is surprising activity in the export trade. Cash wheat in spite of the absence of export buying. As a matter of fact there is a rather firm undertone in the market. Demand for 60,000 bushels for the week. The export business at the seaboard in Manitoba was of moderate extent. Receipts from the United States at St. Louis and St. Paul also had a large run. The general news from Washington showed a great deal of uncertainty about the tariff situation.

Corn.—To-day was again weak, reflecting continued pressure from foreign sellers. There were some small bullish movements and the cash corn was tighter, the basis being $\frac{1}{2}$ c. higher than yesterday's closing. $\frac{1}{2}$ c. better relative to the May. Principal receipts were larger than last day. It is expected that it will delay planting but will put the soil in fine shape. Deliveries were 75,000 bushels. Sales to go to stores 100,000 bushels. The market remains generally moderate. Future declines in corn will be moderate if our operations are there is little pressure on the market and the dip would rather buy for turns.

Oats.—Undertone relatively steady for futures and cash oats were a little firmer. Receipts for the week 45,000 bushels, receipts of sixty-one cars. Sales to go to stores 50,000 bushels. Commission houses bought 100,000 bushels. The market is a comparatively bullish position is justified.

BANK CLEARINGS

Total bank clearings for the week ending May 8, 1924, were announced from the clearing office today at \$2,369,276, as compared with a sum for the corresponding period last year given at \$2,165,982.

taken here as a sign that discriminatory legislation by any of the Provincial Governments will be immediately rebuffed by the Government of Canada.

Ottawa, May 8.—The right of a Provincial Government to tax undeveloped lands was affirmed today by the Federal Cabinet a week ago disallowed by the Alberta Act imposing a small tax of one cent on undeveloped lands. The matter has been under consideration for nearly a month.

The Alberta Government takes a special grievance at the Government's decision to disallow the tax, and has directed the Privy Council in London.

IRELAND TO SEND MINISTER TO U.S.

Timothy A. Smiddy Con- sidered Certain of Appoint- ment by Dublin

Will Deal With Economic and Financial Questions, States Correspondent

London, May 8—The Irish Free State's representative in Washington, when appointed, will have the title of Minister.

Plenipotentiary, but not Envoy Extraordinary, according to The Daily Telegraph's political correspondent, who says the scope of his activities will be limited to economic and financial questions. Professor Timothy A. Smiddy is considered certain of appointment.

The British Government, in acceding to the Free State's request for such a representative, was influenced by former Premier Lloyd George's agreement to the appointment of a Canadian Minister at Washington, the correspondent adds, but the international status of the autonomous Dominions, to which the Free State now belongs, is very difficult to define since their participation in the League of Nations is virtually independent units has ob-

SOVIET REPRISALS AGAINST GERMAN

**Said to be Probable as Result
of Raid on Building in
Berlin**

Ambassador Kretinsky is Recalled to Moscow For a Conference

Moscow, May 8.—In the absence of a satisfactory explanation or apology from Germany on the recent raid on the Soviet trade delegation in Berlin, the Soviet Government has directed its Ambassador, M. Kretinsky, to return to Moscow immediately for a conference.

(Early dispatches last night said Kretinsky had departed for the capital.)

ALBERTA PASTOR OF
POSES THE CHURCH
UNION BILL

(Continued from page 1.)

"Only the statement of the man who is to-day Moderator of the Presbyterian General Assembly," replied Mr. Brown.

The present Moderator is Rev. E. Gandier.

"He did not mention any other Protestant denomination, did he?" pursued Mr. Putnam.

"No," was the reply of Mr. Brown.

APPOINTED AS EXPERT.—Sir Robert Kindersley, British banker, who has been appointed by the reparation commission as an expert to take part in the or-

organization of the new German bank issue to be set up under the Dawes plan.

French Wireless Operators Strike

Paris, May 8—The French Wireless company's operators, with buffer expectations, were on strike when the night shift started last night in protest against the dismissal of some of their members and to obtain more pay. It is believed to be the first wireless operators' strike on record.

DISALLOWANCE OF TAX IS APPROVED

London, May 8 (Canadian Press Cable)

Considerable satisfaction is being expressed among the holders of Canadian securities here, according to the financial editor of *The Morning Post*, at the action of the Government of Canada in disallowing the Mineral Taxation Act of Alberta.

The title of the Act in question would seem to imply that it was the intention of the Alberta Government to tax only such minerals as might be discovered. The *Post* says, but in reality it was purely an additional land tax where a person had the right to seek minerals of any kind. Disallowance of the Act

WINNIPEG GRAIN

May 8.—A sharp decline in prices, together with weaker demand, caused heaviness in the market, and after an easier feeling gradually worked lower, showing a loss of 1 cent for all months.

Loyalty is Not Affected by Empire Preference Delay

Wellington, N. Z., May 8 (Canadian Press Cable via Reuters)—What is happening now with regard

to the Imperial preference plan will not in the slightest affect our loyalty to the Empire, Premier W. F. Massey said in an interview. "British we are and British we intend to remain. I hope that some day our fellow-citizens in Great Britain will learn to look on such matters as Imperial preference in an Empire spirit rather than the narrower outlook which suits some particular section of the community."

NEW PRESIDENT OF REALTORS CHOSEN

James Forman Succeeds Alfred Carmichael at Head of Real Estate Board

Succeeding Alfred Carmichael as president of the Real Estate Board of Victoria, James Forman was yesterday installed in the chair at the annual meeting of that organization in the Chamber of Commerce. Other officers were chosen in the persons of J. C. Bridgman, first vice-president; H. Cuthbert Holmes, second vice-president; Hubert Lethaby, who succeeds H. D. Patterson in the secretary's office; and an executive of P. E. Brown, Alfred Carmichael, three past presidents, A. R. Wolfenden, Fred Landsberg, John Musgrave and David Leeming.

On taking the chairmanship of the meeting over from the retiring president, Alfred Carmichael, Mr. Forman said that he hoped that the members of the board would co-operate with him in every possible way, as they had done so earnestly while Mr. Carmichael held office. "One man cannot make an association of this sort," he declared, "and in order that we may function properly we must have the active support of every member." He complimented Mr. Carmichael highly on his past record with the organization, speaking of him as "the silver-tongued orator of the profession in Victoria." He said that under Mr. Carmichael's leadership the board had enjoyed a most successful year, and that he hoped he might do as commendable work.

Mr. Landsberg spoke to the meeting on the board's plan in favor of the fifty per cent tax on improvement values in the city, and strongly urged that the city aldermen be approached by the board with the purpose of having the present rate raised from thirty-three and one-third per cent as it now is. This might check the reversion of property to the city, he said, and the plan in his mind was essential to the welfare of Victoria.

Fred Landsberg extended an invitation to the board to attend a convention of the Northwest Real Estate body at Yakima, July 28, 29 and 30.

The board decided to hold a special meeting next Wednesday evening at 8.30 o'clock at 212 Pemberton

Victorians Observe Mercury's Transit

Members of the Natural History Society and the Victoria Centre of the Astronomical Society yesterday took advantage of the invitation to the Gonzales Observatory, under the supervision of F. Napier Denison, and viewed the transit of Mercury over the face of the sun, a phenomenon which will not occur again before May, 1876.

Many interested spectators were able to view the projection of the image of the sun upon a white surface, showing the solar body eight inches in diameter, and with Mercury only a tiny speck, 3-16 of an inch in diameter, slowly gliding across its face.

The image of the sun was projected through the five-inch refractor Hastings telescope, which is a part of the equipment of the meteorological station, and the whole phenomenon was viewed clearly and distinctly for Mercury was on the sun for seven hours and fifty minutes after the first contact at 1.44 p.m.

Dr. William Shannon Buried in Seattle

The funeral of Dr. William Shannon, the eminent Seattle physician whose death occurred on Tuesday afternoon at the Columbus Sanatorium in Seattle, took place this morning when at 9 o'clock solemn requiem mass was sung at St. James Cathedral. The honorary pallbearers were Dr. J. B. Eagleson, Dr. G. B. McCulloch, Dr. George M. Horton, Dr. Charles A. Smith, Dr. C. W. Sharpley, Dr. Montgomery Russell, Dr. S. J. Holmes and Dr. Hiram M. Reed.

The late Dr. Shannon was well known in Victoria.

NEW TRAIN SCHEDULE

A change in the Sunday schedules on the Saanich Interurban is announced by the B.C. Electric Railway, taking effect on Sunday, May 11. The change will include five trains to and from Deep Bay, leaving Victoria at 7.30 a.m., 10.30 a.m., 1.30 p.m., 4.30 p.m., and 7.30 p.m., in addition to a frequent service from Victoria to points along the line as far as Saanich.

YOUTH OF SIXTEEN SAVED FOUR LIVES

Rescue at Gorge Bridge on Saturday Was Fourth on List For Stewart Smith

After saving the life of Bruce Russell, 625 McPherson Avenue, from drowning at the Gorge Bridge at 7.29 a.m. last Saturday, Stewart Smith, sixteen-year-old son of Robert Smith, 2538 Shelbourne Street, walked away without waiting to be thanked and without leaving his name.

Johnny Stevens, thirteen-year-old son of parents on Langford Avenue, shared in the rescue when Russell, fifteen, fell off the pathway under the bridge while fishing. Grateful for his escape Bruce Russell went on a hunt for his rescuer and enlisted the efforts of The Times to aid him in the search.

Stewart Smith, the modest hero who walked away from his triumph at Saturday, was then sharing in his fourth rescue. Three times before he saved life from local waters, and in each case he was rewarded to escape without what he calls a "fuss." Smith, too, has an honorable record in athletic circles, starting in swimming, and in football and road racing with trophies in all events.

SURVEY OF FIRE HAZARD PROGRESSES

Practical Certainty of Increase in Fire Insurance Rates if Hall Closed

There will be an increase of ten per cent in the fire insurance rates all over Victoria if any hall should be closed. This statement was made in a well informed source to The Times in discussing the local situation, and the decision of the B. C. Fire Insurance Association to raise the rate in Vancouver as from May 26, and in New Westminster as from a date not yet set, owing to the decrease in the number of firemen.

The present survey by an engineer now in progress here, will be concluded, and the results forwarded to the board in Vancouver. It is assumed that if the number of firemen is reduced here, as it will be under the plan to close Victoria West or any other hall, the same course will be followed by the underwriters' association as has been taken elsewhere. Their position is that the city fire department is no longer sufficiently maintained to stand two fires simultaneously.

In 1920 the residential rates were lowered approximately 22.5 per cent. In 1922 the mercantile rates were lowered from 17.5 per cent to twenty per cent. In 1917 the fire department had sixty-four men available for fire fighting, as against sixty men in 1922, and five stations open as compared with eight stations in 1917.

Meanwhile no action is being taken by the City Council until an answer is received by the aldermen from the association. It will be observed that the figure mentioned above is the same as was indicated at the public meeting of protest held at the Chamber of Commerce ten days ago.

YOUR HEALTH

HERE ARE THE A B C'S OF CORRECT FOOD KNOWLEDGE

By Royal S. Copeland, M.D.

I don't believe in thinking about our stomachs and what we put into them until we become diet faddists and bores. Neither do I believe in insulting our stomachs by filling them with the wrong kinds of food and excessive amounts of food until we become dyspeptics and cranks. There is a sensible middle course. A knowledge of the body's needs in the way of food and how to meet these needs should be a part of the education of every person in the country.

To provide proper nourishment for keeping the body in health, the diet ought to contain fifteen chemical elements. The larger part of these elements are supplied by the two most important classes of foods—proteins, and fats and carbohydrates. Protein furnishes the body with all the elements needed for its construction and growth. The chief proteins are lean meats and the white of eggs.

The fats and carbohydrates may be considered the fuel that supplies energy for the work of the body. The bulk of our foods—the fats, sugars and starches—are in this class. It is estimated that the average man requires about twenty to twenty-two ounces of food a day. This should consist of about three or four ounces of protein, two ounces of fats and thirteen to sixteen ounces of carbohydrates. The average woman requires about eighteen ounces of food in the same proportion.

These amounts vary, of course, according to the individual differences and to habits of work, rest and exercise. In addition to these mainstays of our diet we must have lime, iron and phosphorus to supply strength to the bones and substance to the muscles.

Milk and cheese furnish off-daily supply of lime. Carrots, turnips, cabbages and apples are also rich in this mineral. Our iron comes largely from such foods as the yolk of eggs, whole wheat, dried beans and peas, spinach, dried prunes and nuts.

Phosphorus, which is needed by every cell of the body, particularly by the nervous system, is contained in the same foods that give us iron and lime.

Chlorine, which helps to make the acids of the gastric juice, is taken chiefly as common salt. Nitrogen and sulfur are supplied by the protein foods. Fluorine, iodine and silica are present in the body in very small quantities. In a fairly varied diet we need give no thought to them.

Then there are the vitamins contained in green vegetables, milk, butter, potatoes, tomatoes and orange juice. These mysterious substances are of vital importance, although we

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."

—Mrs. L. V. Budge, River Desert, Quebec. If you are suffering from the troubles of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound. It contains Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Coughing, Ontario. This book contains valuable information that every woman should know.

do not understand much about them as we do some of our other food essentials.

You need not study tables of food values. But if you wish to keep your body well-nourished and healthy you must have a well-balanced and fairly varied diet. Besides meat, bread, potatoes and sweets, it should include milk, cream, eggs, green vegetables and fruits every day in the year—unless sickness interferes.

MAKE PREPARATIONS TO FLOAT BIG LOAN

Members of Reparations Commission Discussing Experts' Plans For Germany

Subscriptions in Britain, U.S., France, Belgium and Elsewhere

Paris, May 8.—Members of the Reparations Commission who recently sounded out J. P. Morgan are planning further meetings with London financial authorities sometime within the next ten days regarding the project for an international loan under the expert's plan, according to information in the highest reparations circles.

The members of the commission, while desirous of laying the ground-work as soon as possible, do not feel that any tangible solution is possible before the visit of Premier Thelmin of Belgium to Premier Mussolini of Italy in Milan May 18.

Efforts are now being concentrated to make the flotation of the proposed loan as universal as possible, not relying upon British and United States subscriptions, but endeavoring to get the highest percentage possible subscribed in France, Belgium and elsewhere on the continent.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, May 8, 1899

The Calvary Baptist Church has decided to invite the Rev. F. C. Tapscott of Rat Portage to the pastorate. At the annual meeting of the British Columbia Fire Underwriters' Association it was resolved to reorganize with two executive boards, one in Vancouver for the Mainland, and one in Victoria for the Island. At the B. C. Conference of the Methodist Church, to be held in Nanaimo, a project to establish a church paper, or to endorse the Methodist Recorder, will be submitted.

Look Them Over!

WHEN buying, what you suppose are Maple Buds, examine them and see that they are stamped with the name "COWAN."

IF THEY'RE NOT COWANS THEY'RE NOT MAPLE BUDS

Hand the Dealer back his substitutes

Notice to Breeders of Livestock

Mr. Erick Bowman, the discoverer of The Bowman Remedy, claims that in treating 70,000 cattle in the United States the results have been successful in 98% of the cases treated. Are your dairy cows and heifers causing you trouble?

Are you obtaining results in calves and milk that satisfy you? Do your cows (according to your knowledge of their capacity) produce as much milk as they should—or are you marking time and feeding a number of boarders that should be sent to the butcher?

These are matters that can be put right. Delays are fatal. Why not consult

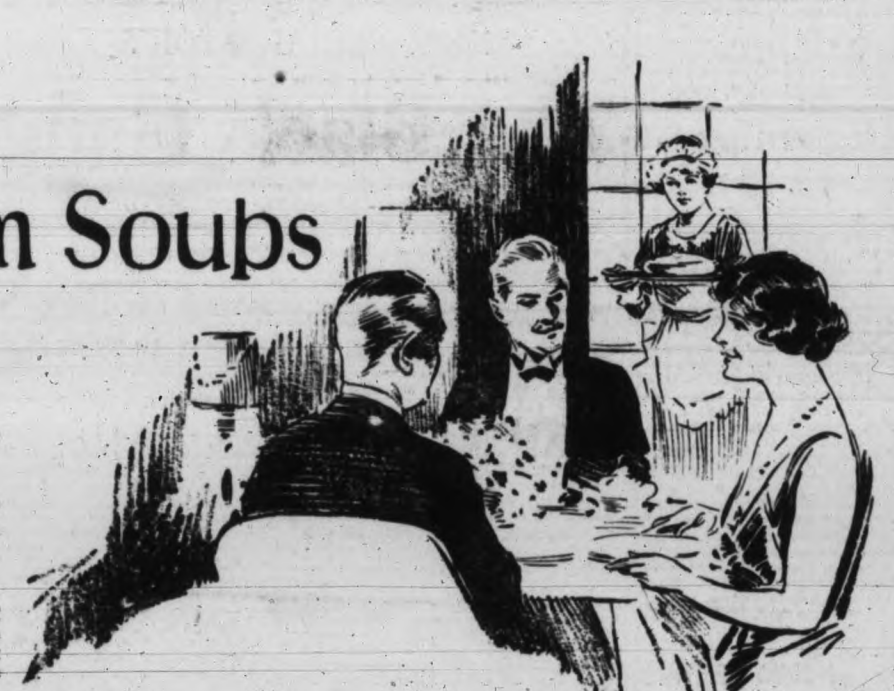

The Erick Bowman Remedy Co., Office and Factory, 518 Yates St. Particulars Will Be Furnished Upon Application to the Manager

for Cream Soups

CREAM OF GREEN PEA SOUP
1 1/2 cupsful Borden's Evaporated Milk
20 cupsful cold water.
1 teaspoonful sugar.
1/2 teaspoonful scraped onion.
2 cupsful canned or cooked fresh peas.
2 tablespoonfuls butter or butter substitute.
1 1/2 tablespoonfuls flour.
1/2 teaspoonful salt.
1/2 teaspoonful pepper.

Add the peas, sugar and onion to the cold water and simmer for twenty minutes. Then rub through a sieve; add the evaporated milk, reheat and thicken with the flour blended with the butter and the seasonings.

WHEN dining in a noted restaurant haven't you enjoyed a cream soup you wished you could duplicate at home? Most likely it was made with evaporated milk.

It is marvellous how your favorite recipe is improved if you use Borden's St. Charles Milk. Just try this Cream of Green Pea Soup recipe!

Use St. Charles Milk also for delicious creamed vegetables, smooth salad dressings and rich desserts.
